muscle confidence and strength

FREE! FREE! FREE!

Recent testimonials have shown that the musclebuilding know-how imparted in the Newest Bodybuilding method to be introduced to the North American market may really contribute towards building a well muscled, proportionate physique. This method, known as MUSCLE FIGHTER IV has received much praise from those who have put it to the test. Gains in increased muscular body weight, loss of flab and the improvement of stamina have been little short of phenomenal. Reports from all over North America testify to the effectiveness of the MUSCLE FIGHTER IV plan.

The plan does not involve hours and hours of daily training and it may be followed in the privacy of your own room. Any man between 15 - 50 who has had a fitness checkup (not just a bill of good health under restful conditions) and who is prepared to tailor the program to his particular physical condition and age may apply.

The MUSCLE FIGHTER IV directors insist that there is no overnight method which can build huge muscles instantly. Gaining muscle size, firming up the body, and increasing strength all takes time and effort - But you as a man who may fit the requirements you may do it!

This company does not claim that you can build a fantastic body in seven days, or seven weeks. This is a three month course! And it will certainly take considerably longer than that to build a fantastic body like Robert Nailon's shown here! He has been training for a number of years.

"Sir, my improvement has been great - What a course!"
D.H. FLUSHING, N.Y.

"Dear Sir, I cannot believe the way I feel - This program has really opened my eyes."
TOM KLEIN, N.J.

"Dear friends, MUSCLE FIGHTER IV did it - I will always be appreciative. Thanks a million."
RICK THOMPSON, L.A. CA.

"I worked hard and got excellent results more power to your program."
JFK, NEW ORLEANS

"I gained muscle and body weight - Thank you for making me happier."
JOHN FARMER, BROOKLYN N.Y.

"Super appearance - Super feeling - What more can I say - I am proud."
TOM R. TORONTO, ONT.

The MUSCLE FIGHTER IV plan is not recommended for those who are not perfectly fit and healthy, nor is it advised for those who are lazy indolent or lacking in initiative. This wonderful new program involves no special apparatus whatsoever. A FREE book describing how you may get started with this new method will be sent at once. Simply fill in the coupon below! You may NEVER regret it! There is no obligation. Only those interested in physical improvement need apply. Limit one book per family. Send no money!

Don Bolander says: "Now you can learn to speak and write like a college graduate."

Is Your English Holding You Back?

"Do you avoid the use of certain words even though you know perfectly well what they mean? Have you ever been embarrassed because you pronounced a word incorrectly? Are you sometimes unsure of yourself in a conversation with new acquaintances? Do you have difficulty writing a good letter or putting your true thoughts down on paper?"

"If so, then you're a victim of *crippled English*," says Don Bolander, Director of Career Institute. "Crippled English is a handicap suffered by countless numbers of intelligent, adult men and women. Quite often they are held back in their jobs and their social lives because of their English. And yet, for one reason or another, it is impossible for these people to go back to school."

Is there any way, without going back to school, to overcome this handicap? Don Bolander says, "Yes!" With degrees from the University of Chicago and Northwestern University, Bolander is an authority on adult education. For almost twenty years he has helped thousands of men and women stop making mistakes in English, increase their vocabularies, improve their writing, and become interesting conversationalists *right in their own homes*.

BOLANDER TELLS HOW IT CAN BE DONE

During a recent interview, Bolander said, "You don't have to go back to school in order to speak and write like a college graduate. You can gain the ability quickly and easily in the privacy of your own home through the Career Institute Method." In his answers to the following questions, Bolander tells how it can be done.

Question: What is so important about a person's ability to speak and write?

Answer: People judge you by the way you speak and write. Poor English weakens your self-confidence—handicaps you in your dealings with other people. Good English is absolutely necessary for getting ahead in business and social life. You can't express your ideas fully or reveal your true personality without a sure command of good English.

Question: What do you mean by a "command of good English"?

Answer: A command of good English means you can express yourself clearly

and easily without fear of embarrassment or making mistakes. It means you can write well, carry on a good conversation—also read rapidly and remember what you read. Good English can help you throw off self-doubts that may be holding you back.

Question: Are there other advantages to be gained by acquiring a command of good English?

Answer: Yes! Words are actually "tools of thought." The more you learn about words and how to use them to form and express your ideas, the better your thinking becomes. For this reason a command of good English often pays off in unexpected ways.

Question: Wouldn't I have to go back to school to gain a command of good English?

Answer: No, not anymore. You can gain the ability to speak and write like a college graduate right in your own home—in only a few minutes each day.

Question: Is this something new?

Answer: Career Institute of Chicago has been helping people for many years. The Career Institute Method quickly shows you how to stop making embarrassing mistakes, enlarge your vocabulary, develop your writing ability,

discover the "secrets" of interesting conversation.

Question: How do I know it works?

Answer: There are thousands of letters in my files, testimonials from people in all walks of life who have used the proved Career Institute Method to achieve amazing results. If you send in the coupon below, I will share some of these letters with you.

Question: Who are some of these people?

Answer: The Career Institute Method is used by men and women of all ages. Some have attended college, others high school, and others only grade school. The method has helped business men and women, homemakers, industrial workers, clerks, secretaries... almost anyone you can think of.

Question: How long will it take me to learn to speak and write like a college graduate, using your method?

Answer: Some people take only a few weeks to gain a command of good English. Others take longer. It is up to you to set your own pace. In as little time as 15 minutes a day, you will see quick results.

Question: How can I find out more about the Career Institute Method?

Answer: I will gladly mail you a free 32-page booklet which explains the new easy-to-follow Career Institute Method and tells you how you can gain a command of good English quickly and enjoyably at home. Send coupon, card, or letter today to Career Institute, Dept. 899-36 Mundelein, Ill. 60060.

If you had mailed this coupon last year, perhaps you too might be better off today!

WHY NOT MAIL IT TODAY?

Look at these pleased reports from outstanding LaSalle students. Many success stories of this kind come to us every year — from people who began their career planning by mailing the LaSalle coupon.

Yes, many graduates attribute their increased success largely to their LaSalle spare-time training.

LaSalle students have one ambition in common — to get out of the ranks of the untrained and to build a better future for themselves. Isn't that your goal too?

Without interfering with your present work — and by devoting only a little of your spare time — you too can prepare for advancement in the field of your choice through LaSalle home study. The cost is low.

LaSalle has been a leader in home education for more than sixty years, enrolling over 2,000,000 ambitious men and women in its business, technical and avocational courses. You study under the supervision of LaSalle's experienced faculty. Upon satisfactory completion of your study, you will receive the LaSalle diploma — a respected credential.

Check the subject you are interested in — then send the coupon above for FREE booklet. No obligation.

THE WORLD'S DEADLIEST FIGHTING SECRETS CAN BE YOURS...

THE SUPREME GRAND MASTER OF THE

BLACK DRAGON FIGHTING SOCIETY

brings you the forbidden secrets of

DIM MAK

"The Death Touch"
in this exclusive book!

"THE DEADLIEST MAN ALIVE!"

Bringing to you these forbidden and secret fighting arts is the Supreme Grand Master of all the fighting arts — Count Dante who won the World overall Fighting Arts championship (Master & Expert Divisions) after defeating the top Judo, Boxing, Wrestling, Karate, Gung Fu, Aikido, etc. masters in 'Death Matches'. On Aug. 1, 1967 the World Federation of Fighting Arts crowned the Count — "The World's Deadliest Fighting Master."

THIS BOOK CAN SAVE YOUR LIFE

The FORBIDDEN and SECRET training manual of the BLACK DRAGON FIGHTING SOCIETY has never before been available to anyone outside of the Society. Recent attempts for regular publication and public exposure have been rejected as the contents were considered HORRIFYINGLY DANGEROUS and BRUTALLY VICIOUS.

Yes, this is the DEADLIEST and most TERRIFYING fighting art known to man — and WITHOUT EQUAL. Its MAIMING, MUTILATING, DISFIGURING, PARALYZING and CRIPPLING techniques are known by only a few people in the world. An expert at DIM MAK could easily kill many Judo, Karate, Aikido and Gung Fu experts at one time with only finger tip pressure using his murderous POISON HAND WEAPONS. Instructing you step by step thru each move in this manual is now other than COUNT DANTE — THE DEADLIEST MAN WHO EVER LIVED.

BLACK DRAGON FIGHTING SOCIETY

The BLACK DRAGON FIGHTING SOCIETY is the WORLD'S DEADLIEST FIGHTING ORGANIZATION which has included in its closed membership the top fighting experts of the DREADED CHINESE TONG SOCIETY — the oriental, and more vicious counterpart of the Mafia. Its members, who are the world's top Masters in the oriental fistic and grappling arts, train in the most SECRET and FORBIDDEN aspects of the DEADLY Chinese fighting arts of GUNG FU, TAI CHI CHUAN, CHUAN-FA, KEMPO, HSING YI, PA-KUA, SHAOLIN BOXING and DIM MAK.

Until recently the forbidden training secrets of the society have been closely guarded by the members who were sworn to secrecy and joined together thru their initiation ceremony of blood. Breaking of the oath to secrecy meant death by torture to the offender.

Now for the first time their FORBIDDEN SECRETS OF TERROR can be shared with you.

BREAK A BRICK

Included in the manual is a GUARANTEED method of brick and board breaking enabling anyone to break a brick or board after only minutes of training. THIS IS NO EXAGGERATION. THERE IS NO TRICK OR GIMMICK. There is nothing to be held in the hand, or any hand brace needed; and no special stunt bricks or boards are needed. This is the same method that many famous Karate Masters use.

POISON HAND

Considered by many as evil and cruel; the lethally savage ripping, tearing, slashing, clawing and gouging techniques which comprise

the POISON HAND ARSENAL are used to attack (by strike, touch or pressure) the nerve centers, pressure points, major blood vessels and vital organs of the body. You will learn the original 77 "POISON HAND" techniques of ancient China in actual photographs showing them in application. These are not photos of drawings, but actual photos of COUNT DANTE applying these torturing techniques which are meant to maim, disfigure, cripple or kill and have been used by oriental terrorists and assassins to MURDER!

OUR \$10,000 GUARANTEE

We cannot guarantee to make you a Fighting Arts Master or even an expert, as this is up to you; but we can make a \$10,000 GUARANTEE that this book is DEADLIER than any other book, manual or course ever printed anywhere, at any cost and that it was, as mentioned before, refused for past publication due to its extremely FEROCIOUS nature. We also guarantee that the "WORLD'S DEADLIEST FIGHTING SECRETS" contains the most SECRET and FORBIDDEN attack and defense methods ever devised by man and that the DIM MAK and POISON HAND techniques are completely authentic and the WORLD'S DEADLIEST FIGHTING FORMS. Last we guarantee that you can break a real, authentic brick or board WITH NO GIMMICK — just your hand, using our method AFTER ONLY MINUTES OF TRAINING. If you are not satisfied; return the book in good condition and you will receive a refund. MAIL COUPON NOW! AIR MAIL REACHES US OVERNIGHT.

SINCERELY YOURS

TO CONTROL STEELE

After reading how George Steele has gone berserk (*THE WRESTLER* June '74), I think there's only one way to control him. Promoters should hit him where it hurts—in the pocket-book.

Every time Steele creates a situation where a riot may occur, they should make him forfeit his purse. The money should then be divided among the security officers or given to a local charity.

It's about time George Steele paid for all the trouble he causes!

BERNARD WALSH
Chevy Chase, Md.

ASHAMED OF POWERS

As a faithful Cleveland wrestling fan, I can only add my voice to the many others who are angry and heart-broken over the change in Johnny Powers (*INSIDE WRESTLING* June '74).

I used to follow Powers' career with interest and happiness. For a long time I thought Johnny was the best thing that ever happened to wrestling. But his poor sportsmanship in and out of the ring have proven otherwise.

I can only hope Powers realizes that the road he's on can only bring shame on his reputation. I never thought I would be cheering for Ernie Ladd against Johnny Powers but that's what's happening. It's a true pity Cleveland fans will have to look for "another Johnny Powers" because the original has turned his back on us.

ELAINE LEVENTHAL
Cleveland, Ohio

BLASTING BLASSIE

When Fred Blassie got off the "Hotseat" (*INSIDE WRESTLING* June '74), I hope he went right to an electric chair.

That the king of the pencil neck geeks dares insult the eastern fans, the greatest in the world, shows how rotten he is. I suppose it's a compliment to be insulted by the dirtiest wrestler in the sport's history. He's so cruel even he admits he's a miserable cheat!

Thank you for putting Freddie Blassie on the "Hotseat" so he could

reveal to everyone what a dirty wrestler and rotten sportsman he is!

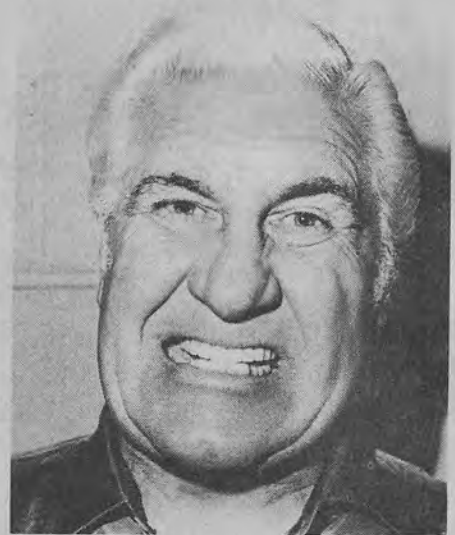

SAMUEL NUTLEY
Cohoes, N.Y.

THE BIG FIVE

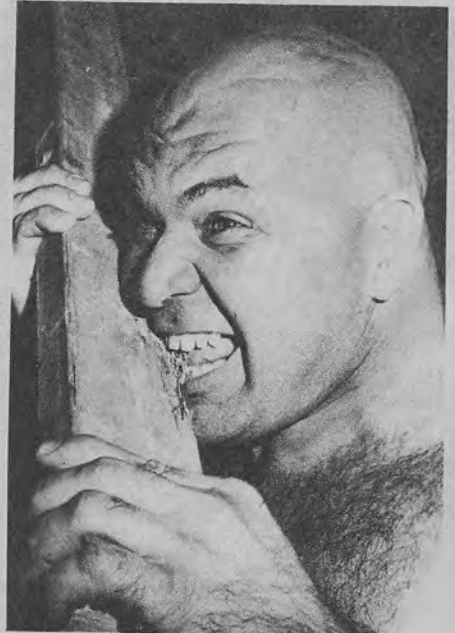

Jack Brisco has proven in his article "THE FIVE MEN WHO CAN TAKE MY TITLE" that he is not only a great champion but a great human being!

Only a real athlete and man could give so much credit to his opponents.

(Continued on page 46)

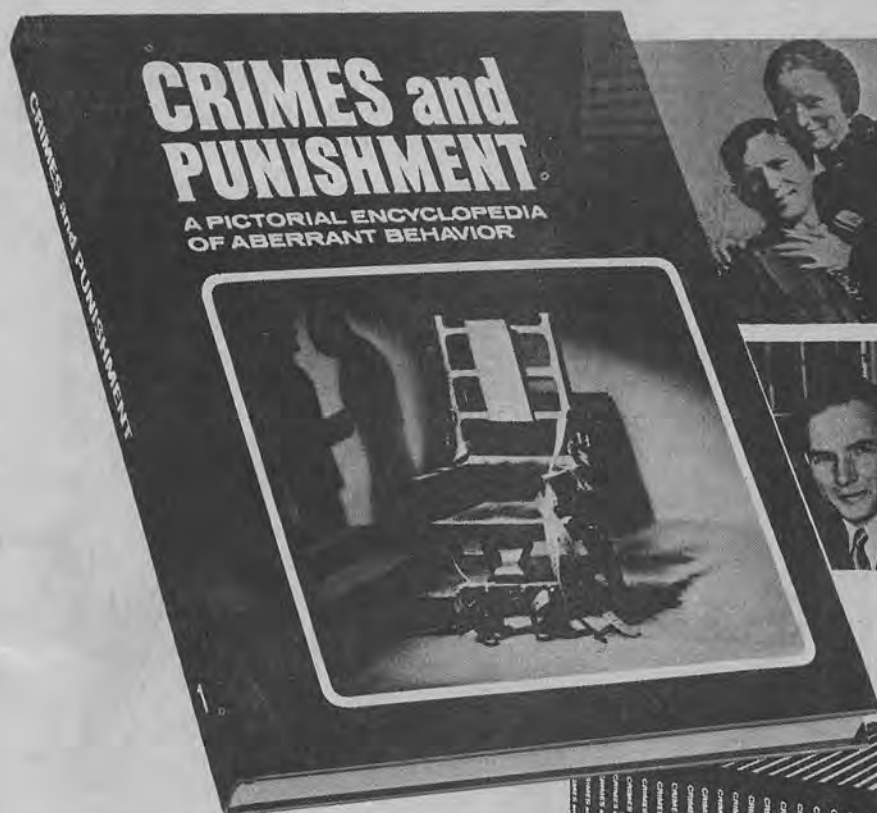

Fred Blassie (above) drew a lot of hate mail when he was put on the "Hotseat." Many Ohio fans have gone thumbs down for John Powers (left). It's agreed that George Steele (below) belongs in a cage. He is dangerous!

NEWS FROM THE WRESTLING CAPITALS

NEW YORK NOTES BY Preston Larris

BRUNO SAMMARTINO TREATED his fans in Madison Square Garden to a great match as he defended his title against the Siberian giant, Nikoli Volkoff. Bruno had wrestled Volkoff to a draw a month before this match and this one was to be a Texas Death Match—no holds barred, and no disqualifications.

When Volkoff entered the arena, the fans pelted him with cups and other refuse and had to be begged to stop. When Sammartino entered, the roof was almost ripped off by the ovation.

Volkoff attacked Sammartino before the match began, kicking him brutally into the corner. It's a testament to Bruno's magnificent conditioning that he was able to escape and recover.

Once free, Bruno began a tremendous counterattack. Volkoff went on the defensive and for a long while the match was at a dangerous standstill. The match seesawed with each man seeming to have the advantage only to have the other escape.

Finally, Bruno overpowered the Siberian, using a brilliant display of scientific wrestling. Volkoff could do nothing but give in.

In other matches, Pedro Morales defeated Larry Hennig in a vicious brawl... Larry Zbysko upset Ed Sullivan... Gorilla Monsoon sent Don Leo Jonathan spinning.

FLORIDA REPORT BY Rocky Dorton

Ron Fuller won his match against Buddy Colt in Orlando but it took a reversed decision to do it.

Ron steamed out of his corner as

A Madison Square Garden spectacular saw Bruno Sammartino stop Nikoli Volkoff (left). Gorilla Monsoon (above) had his hands full with Don Leo Jonathan, and Pedro Morales (below) downed Larry Hennig.

the match began and started working on Colt's arms. Colt writhed in pain on the mat while the young star showed the notorious veteran that scientific wrestling can leave opponents in pain.

Build MUSCLE!

Use "ISOKINETICS" -- the really new breakthrough!

TRY POWEREX 14 DAYS AT OUR RISK

Here's what Isokinetics Can Do For You!

Changing the weight resistance at any instant *during* the exercise??? Without stopping to do it??? Yes! . . . this is the Isokinetic Principle, which builds your body to athletic proportions faster and more efficiently than any other method! Your Powerex Isokinetic Exerciser is shown adding the inches of chest and arm muscle in a "bench press," but *without* expensive bench, weight stand, and clumsy weights.

You use the Powerex just like a barbell! You get 0 to over 200 pounds of resistance by squeezing the control levers! Yet Powerex is compact and weighs less than two pounds!

(Patent Pending)

Results FAST! Here's Proof!

Some researchers conducted a scientific experiment and published the results in a leading medical journal. It showed that the average peak strength improvement, after only eight weeks, for each type of exercise was:

Isokinetics	47.2%
Weight training	28.6%
Isometrics	12.1%

Another group of researchers stated that all published research matching isokinetics with weight training and isometrics showed that isokinetics is greatly superior for muscle building.

"I am a weight lifter of eight years. However, after using the Powerex just once, I sold all of my weights!" James Hinson Jr., NC.

"Gained 20 lbs., increased arms 2½ inches, chest 3 inches, reduced waist 2 inches. Look and feel a lot better!" Joseph Moreno, CA.

"Before, I was known as a singles hitter. This past season I was a home run hitter and I credit Powerex with this!" T. J., AL.

"I reduced my waist 3", increased my arms 1½ inches, chest 2½ inches. Powerex has been the greatest!" D. Owens, MA.

"You aren't just another rip-off company . . . you back what you say!" T. Roeklin, WI.

"Easy to use, easy to store! Good program, no frustrations or unnecessary holdups as with a weight program!" J. Hanna, PA.

"In the short time I have been using the Powerex, I have put over an inch on my arms, 2 inches on my chest, and gained 21 lbs.!" Scott Carterette, CA.

"After only two weeks, I am dead-lifting 450 lbs., bench pressing 240 lbs., and squatting with 400 lbs. I'm glad that I invested the \$13.95!" Richard Oxer, MT.

Scientific tests prove isokinetics 166% better than weights, 390% better than isometrics, for putting muscle on you!

For building your muscle, your strength, your body, your explosive power . . . discover what ISOKINETICS does for you! Until Powerex was perfected . . . at a price anyone can afford . . . Isokinetic Muscle Building was available only to those who could afford exercisers costing \$120 to \$5000. Now find out what Isokinetics can do for you . . . test the remarkable Powerex for 14 days at no risk to you.

You'll build your muscles with Powerex just like you'd use a barbell. *BUT with the Isokinetic Principle added!* You regulate the resistance (or "weight") by a simple squeeze on the control levers. This way, you "squeeze" the exact resistance you want at every instant you are using the Powerex. Instantly variable from 0 to over 200 pounds . . . while you move smoothly and steadily through each ex-

ercise to give you fastest possible muscular development.

Powerex is compact, weighs less than two pounds. Take it anywhere you go. Exercise daily, anywhere. You never have to interrupt your body building program.

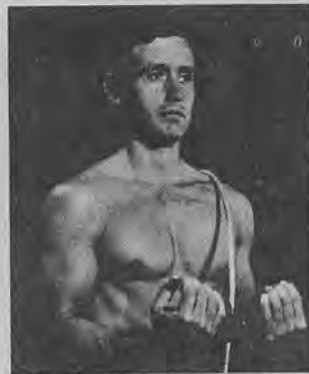

Powerex builds your muscles completely, thru the full range of movement. It works every small muscle fiber to its peak. Not the "grunt and groan" static results from some isometric gadget, but full and total muscular development. This is the building power of Isokinetics.

Money-Back Guarantee

Powerex is 100% guaranteed for a full year. Try it, use it, compare it with any other exerciser or system. If you are not satisfied with your Powerex for any reason at all, send it back within 14 days of receipt for an immediate refund of your money . . . no questions asked.

AND . . . the best part, Powerex costs only \$13.95! Right! For around 1/10th of the cost of the least expensive full range isokinetic exerciser on the market, Powerex is ready to work for you and your body. You can't lose . . . and how you can win!

Fill out the coupon, enclose check or money order, and get it in the mail. The sooner you do, the sooner Powerex will arrive to start you on the Isokinetic way to a muscular body and dynamic power!

“WHY I FIRED ERNIE LADD”

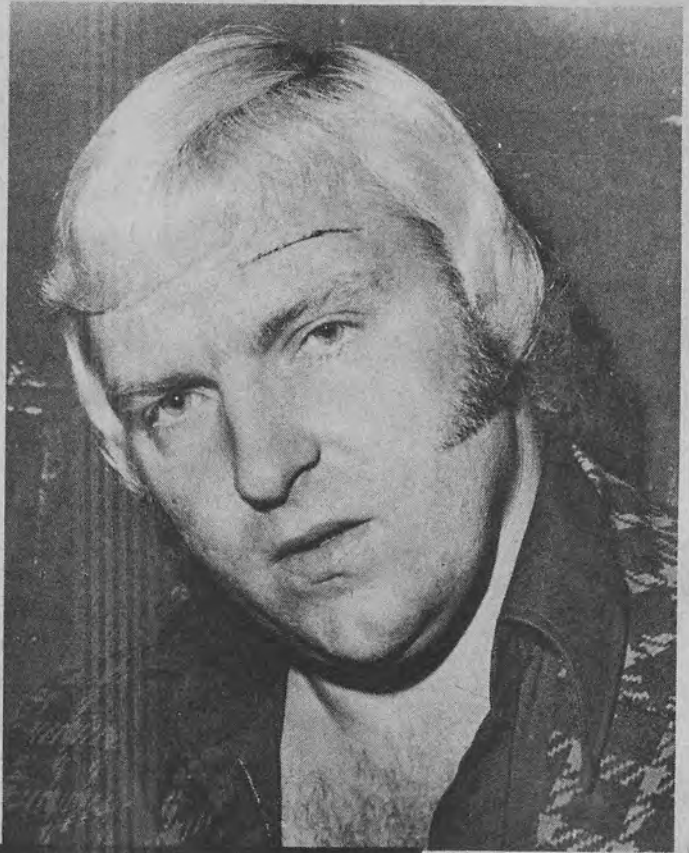

BY BOBBY HEENAN

ERNIE LADD'S IMPOSSIBLE! I swear, that guy does not understand plain English. You tell him, “Ernie, wrestle this way,” and he does exactly the opposite. If he'd have listened to me he and Von Raschke would still be holding the tag team belts.

You know, jealousy is a very childish thing. As soon as I discovered the marvelous team of Jim and John Valiant, Ladd became enraged with jealousy. It shocked the pants off me. Ernie Ladd was acting like a kid. Here I was, a true professional manager, feeling I could leave Ladd on his own a bit while I helped the Valiants plan strategy. I was wrong. Ladd blew everything he had on his own. Without me in his corner the man could not think. He was not the wrestler I thought he'd be.

When Ladd and Von Raschke were robbed of the tag team title by

(Continued on page 50)

Look at that honest face (above). You can't help but believe my story. Ernie Ladd doesn't do what he's told. He doesn't even let me speak for him (left). That is a manager's job. I had to get rid of him. He's a pest! Ladd's also a jealous kid. He doesn't let me give my attention to anyone else.

Bobby Heenan's so burnt up at Ernie Ladd he doesn't want any part of him. Bobby also claims Ladd is totally lost without him

VERSY!

"WHY I DUMPED BOBBY HEENAN"

BY ERNIE LADD

I FIND IT hard to believe, still, but Bobby Heenan is not a man of his word!

Heenan made me promises, many promises. He promised that after me and Baron Von Raschke had the tag team title stolen from us we'd get the belts back. Well he never kept his word. Instead, he booked Jim Valiant and his brother for a title match instead of us. Disgusted, Von Raschke left Heenan's stable. But I hear they've patched things up. Well Heenan and I haven't patched anything up yet and it'll take a lot of persuasion to get me back on his team again.

As soon as the Valiants came his way Bobby Heenan stopped paying full attention to me. This disturbed me. It disturbed me because in me he could have realized his wish as a manager of a single world champion. He could have paired me with anyone

(Continued on page 52)

I am not handing you a lot of bull. Heenan is. He never let me speak for myself (left). He made me many promises and never kept 'em. Heenan is a low down lyin' creep!

Ernie Ladd's out to prove he doesn't need Bobby Heenan to think for him. And the way he's trying to prove it is to eliminate Heenan from wrestling

THE TIM WOODS YOU DON'T KNOW

A bloody Bobby Shane (right) claims this picture was taken after Tim Woods raked his eyes (below). "Tim Woods is a dirty wrestler," Shane said. "I can't understand why the fans support him."

If Tim Woods is such a clean wrestler why's Bobby Shane nursing an eye wound caused by Tim gouging Bobby's eye?

THE LEFT SIDE of his face an ugly red, his eye swollen and closed, Bobby Shane screamed at the crowd which was responding with jeers. The louder Shane screamed the louder the crowd jeered. However, it was difficult to argue with Shane's disfigured face.

"You slobs think Woods is a scientific wrestler!" Shane screamed,

his anger making his face even redder. "If he's scientific, I'm the Great Gatsby! Look at my face! Look how he clawed and tore! Look at my eye! You can't, because it's too swollen to see! Your hero did this! Clean Tim Woods—as dirty as he's phony!"

Looking at Shane's face, it was easy to see why he was so angry. This was the second match in which

Tim Woods had used borderline tactics against Shane. This time, a grab at the side of Shane's face had temporarily mutilated the features of which Shane was so proud.

"That filthy pig!" screamed Shane. "You'd guess he'd be able to fool you ignorant morons. Well, I've had it with you all! You and Woods deserve each other!"

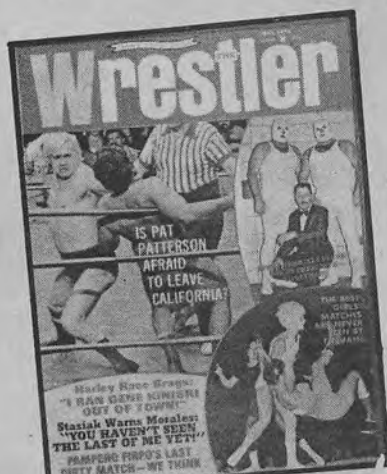

With that, Shane stomped off to the dressing room to put a raw beefsteak against his eye.

Shane hadn't bothered to say why Tim Woods, generally regarded as one of the sport's most scientific wrestlers, had been driven to alter

VICTOR RIVERA'S BECOMING

Victor Rivera's becoming a vicious killer. He's taken enough bull from the rule breakers and now he's dishin' out the punishment and leaving a path of bloody bodies behind him

Victor Rivera goes berserk in a match against Big Bad John. Vic had to be torn off John by a group of police and two referees during this chain match.

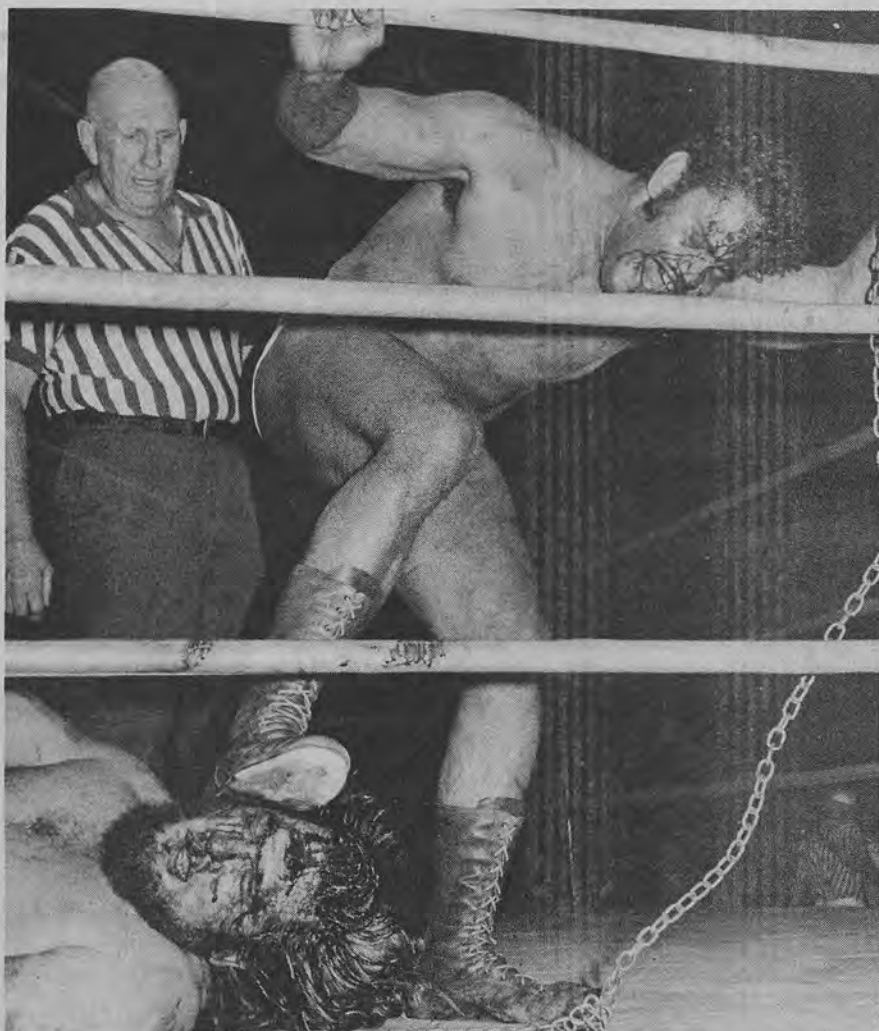

IS VICTOR RIVERA doomed to become as vicious as the men he despises?

It's beginning to look that way, even to Victor. The man whose name used to stand for scientific wrestling has begun to match his more brutal opponents in dispensing agony. He tries to stop himself, but as each

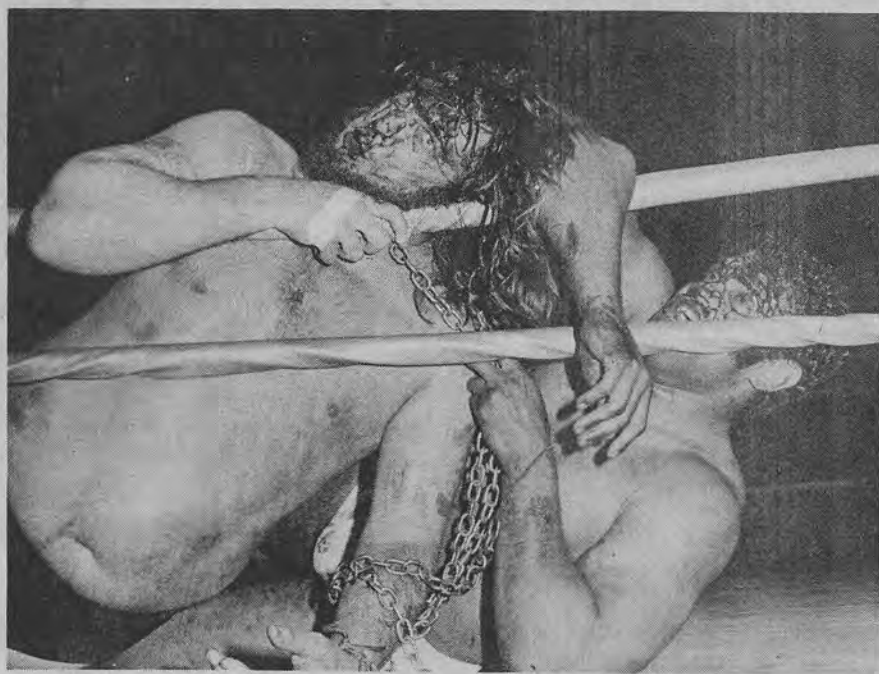

match progresses his bloodlust grows. Soon, a Rivera opponent is getting a lot more than a taste of his own medicine. More than one recent opponent has had to be carried out on a stretcher.

"I know what's happening," Victor mourns, "but I can't stop it. Every match I go into I'm determined to

A KILLER!

Victor decided to bloody John after John did the dirty work first. But Victor contends that he'll break the rules before his opponent from now on so he won't go off bloody. Above: Victor kicks John's face in. Below: Rivera tries to get John between the ropes for the express purpose of putting his head through them and choking him.

control myself. But sooner or later something inside me explodes and I start going wild. And then it becomes a brawl."

After years of being one of the most strictly scientific men in the sport's history, why is Victor suddenly losing his temper now?

"Maybe the years of punishment have finally caught up with me," Victor says, though it's obvious this is a question that's been bothering him and this is an unsatisfying reason. "It would make sense that after years of being subjected to all the gutter tactics in the world I'd finally get fed up inside. Nobody can take that kind of punishment without it affecting him in areas he can't control. That makes sense, doesn't it?"

It makes sense, but is it the reason?

Whatever the reason, Victor tried to see if it was at all possible to control himself. He wanted to give himself the hardest test possible in hopes this one match could prove something. If it proved anything, Victor doesn't want to admit it.

The test was to be a chain match against Big Bad John, a wrestler who would test the patience of a saint. John knows as much about torturing an opponent, angering an opponent, and dirty tactics as most any man alive. It was a purposely hard test, an almost impossible task.

"I asked Victor not to do it," his frequent tag team partner, Manny Soto remembers. "You don't spend a week in the desert if you're wondering whether or not you get sunburn. It's just too much to expect to control yourself during chain match, especially with Big Bad John. It was a big mistake as the outcome proved."

It was not only a big mistake—but a bloody one.

The match started as everyone expected it would. Big Bad John has been in so many chain matches he can control the chain as if it was an extension of his hand. The metal kept snaking through the air and encircling Rivera's neck. A quick tug by John and Rivera was choking.

The chain dug deeper into Victor's neck and began to force his windpipe shut. Desperately, Rivera's fingers tore at the chain, trying to pry the links loose. His knuckles turned white, but the chain slid through

Darling Dagmar monkey flips Diamond Lil in a quest to win a title that does not even exist! "Lil claims the title," Dagmar says. "She has no right to. I'm champ."

CHASE FOR A NON- EXISTENT TITLE

An old fashioned airplane spin has Dagmar in charge. "Lil is a mean, dirty wrestler," Dagmar says. She doesn't deserve to claim the title. It will give all midget girls a bad name."

There is no midget women's champion. But don't tell that to Diamond Lil. She claims she's the champion and will stop at nothing to prove her point

WHILE THERE IS no official girls' midget wrestling champion, Diamond Lil claims the title. But a very angry Darling Dagmar is following her around the country, determined to make Diamond Lil shut her mouth!

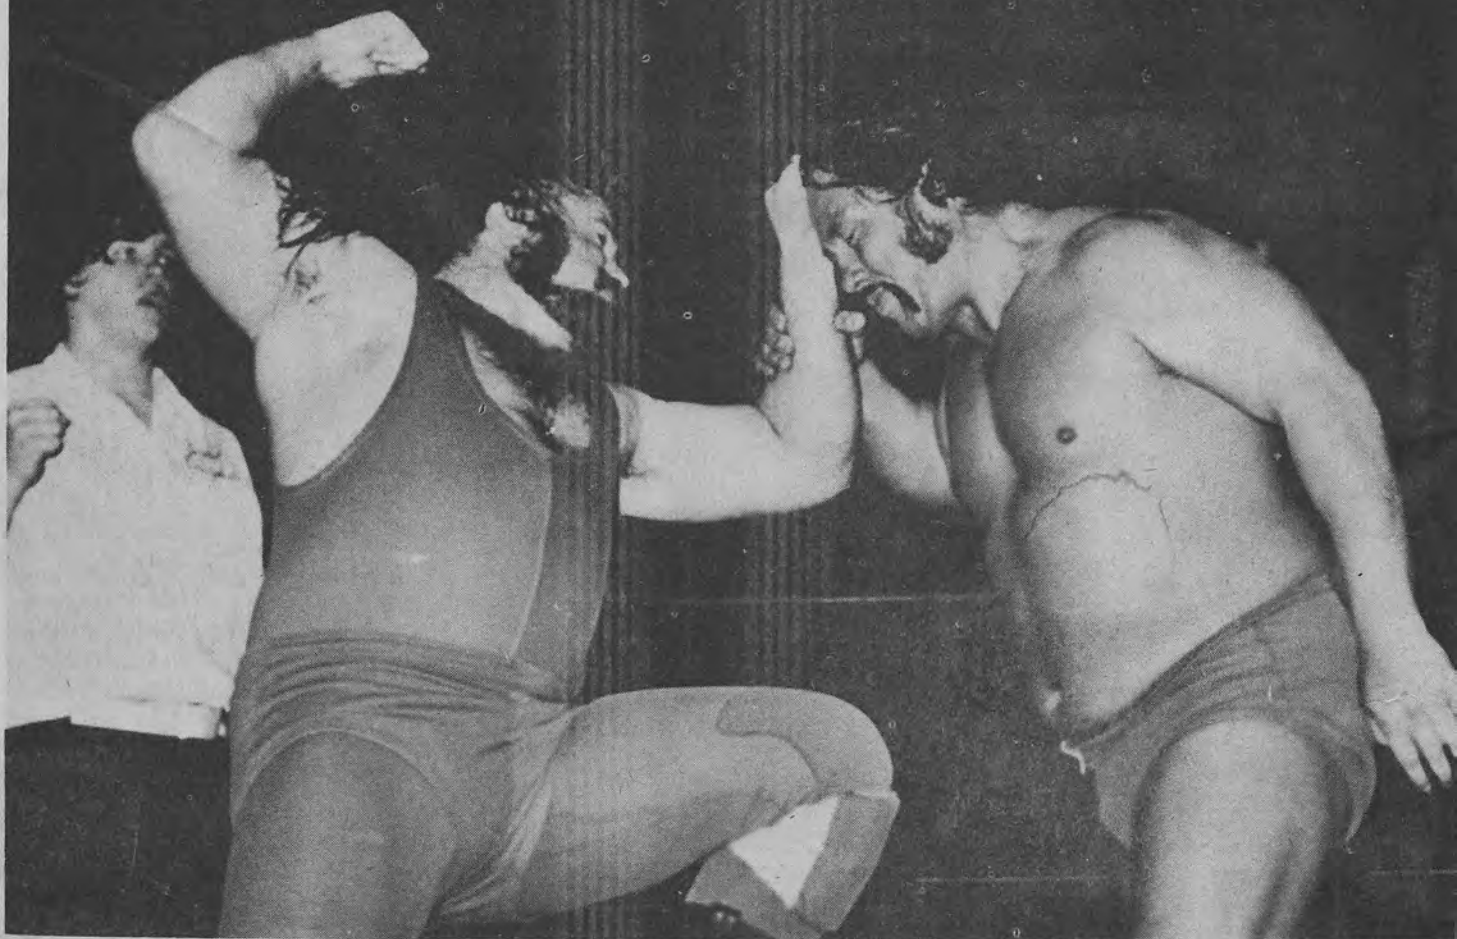

"I am the champion!" Diamond Lil insists to promoters and fans. "There is no midget girl in the world who comes close to my talent, strength, and cunning. Therefore, since I'm the best, I am the champion. That's the way I want to be introduced and known—the great Diamond Lil, midget girl wrestling champion of the world!"

Lil is probably one of the meanest wrestlers in the sport—of any size or sex. The screams of her opponents seem to make her continue that much harder and crueler. Only the bravest and most skillful girl midgets even consider wrestling her. Her reputation for viciousness is reknowned throughout the wrestling world.

That's why Darling Dagmar's continual pursuit of Diamond Lil is so remarkable — and startling. But Darling Dagmar is a very proud and determined woman. She re-

THE ROYAL KANGA SKULLBUSTERS!

A Royal Kangaroo doesn't give up until his opponent's head is open. El Mongol is a victim (left). They have busted many opponents skulls.

FIRST IT WAS the fist of a Royal Kangaroo that smashed into El Mongol's head. The stars in front of his eyes hadn't disappeared when a whole new galaxy appeared, courtesy of a brutal headbutt. Then powerful fingers started to claw and twist the thin flesh covering the skull. The whole torture took no more than a minute, but El Mongol was dizzy and weak for days afterward.

El Mongol is only one of the victims of the Royal Kangaroos' new plan—to crack and/or crush the

ROOS:

skulls of their opponents. It is a cruel and dangerous tactic that could end the career and permanently damage the brains of their opponents. Once you hear the sickening crack of your skull being pounded and feel the pain shoot through your head, it terrifies you. That's the way the Royal Kangaroos like their opponents to feel.

The Royal Kangaroos are not

trying to keep their headhunting spree a secret. They proudly proclaim their intention to split the skulls of their opponents. And they are backing up their boasts with actions—actions that have left a trail of blood and agony in their wake.

Every time the human head is struck thousands of brain cells are destroyed. This produces the pathetic condition described as "punch drunk." A session with the Royal Kangaroos can begin an otherwise healthy person on the irreversible road to being punch drunk. Once brain cells are destroyed—they can never be reproduced!

The Kangaroos know this. And they're sure their opponents are aware of it.

"You can't be a professional in this sport without having given some thought to retiring a drooling vegetable," Jonathan Boyd, one of

the Royal Kangaroos, says with a cold smile. "We've just decided to work on that fear. We let them walk around woozy for awhile and then let them think what it would be like to be in that condition for the next 30 years. You're not at your best when thinking about those things. When your opponents are not at their best you become that much better."

"Not to mention," the other Royal Kangaroo, Norman Fredrick Charles III, chimes in, "once you smash them in the head, it's got a very immediate benefit for you. They're in pretty bad shape. Nowhere on the body does a good shot do as much damage. First the head reacts, then the body. When the head doesn't work the body is pretty useless."

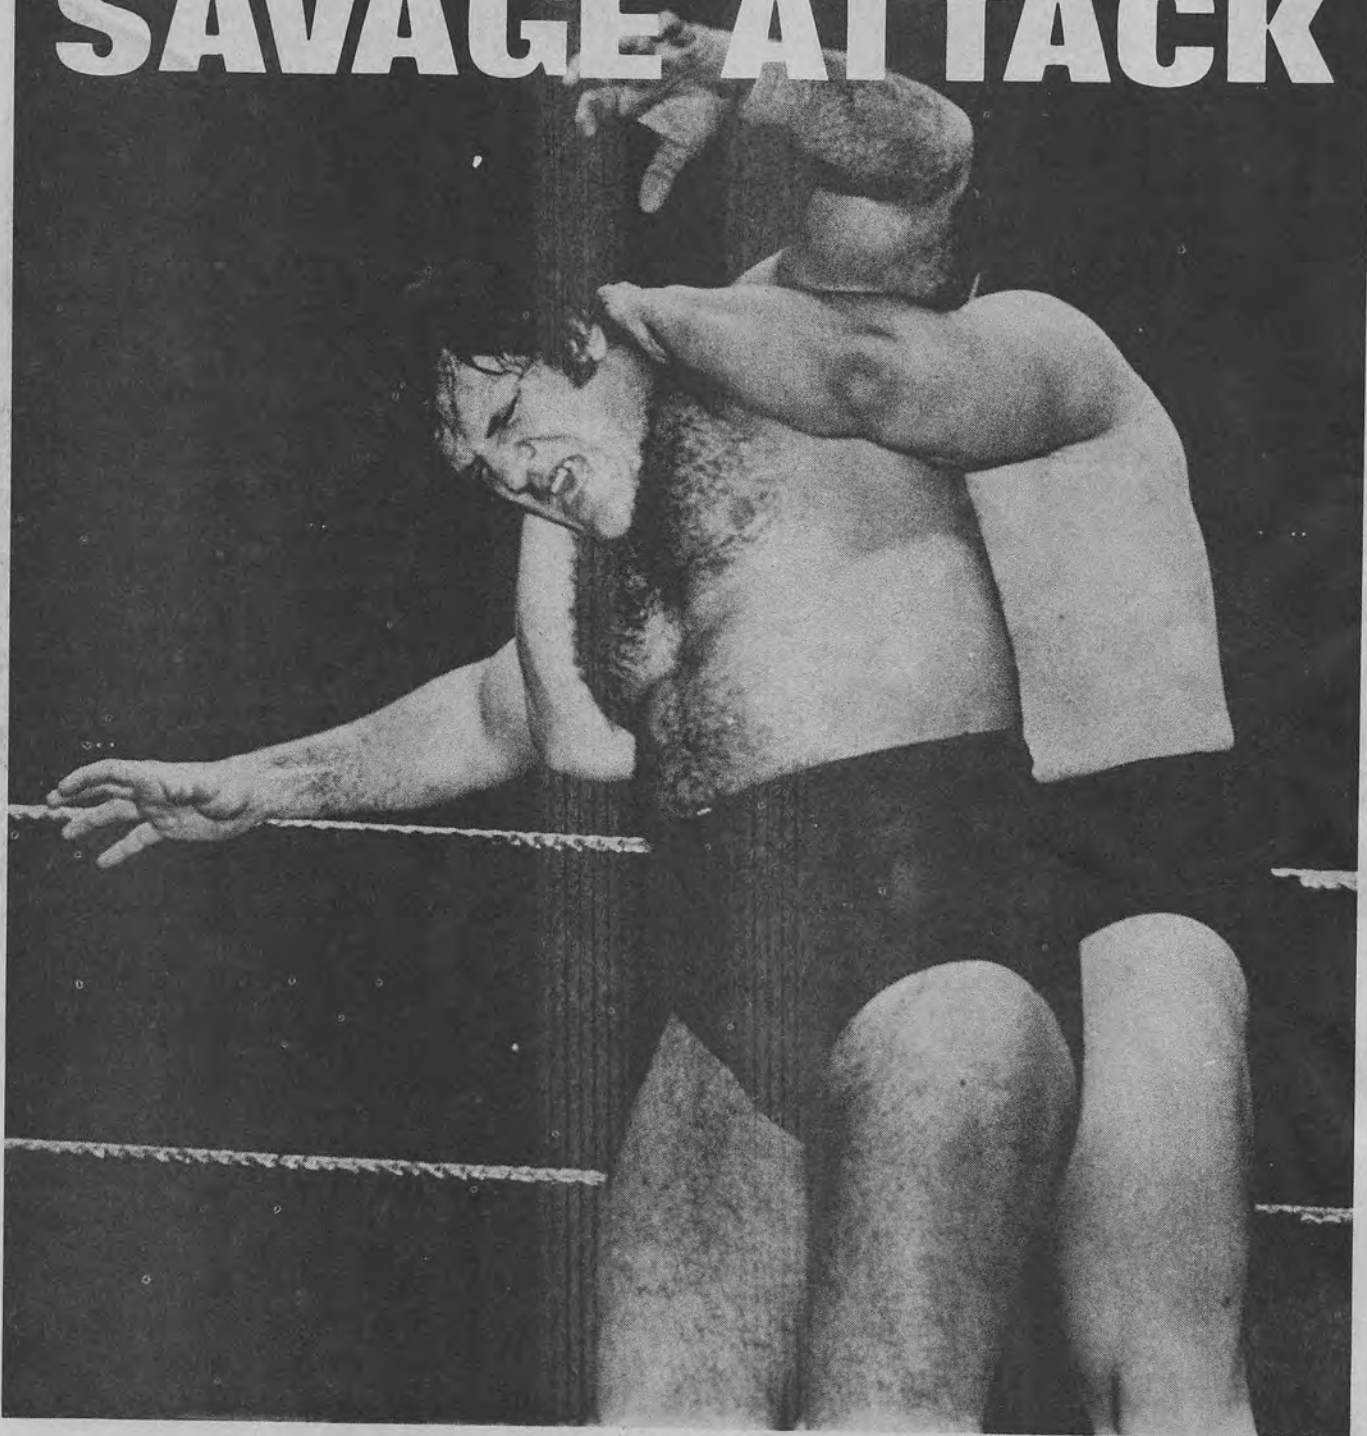

It takes a lot of practice before a headbutt hurts your opponent

(Continued on page 60)

Skull busting. That's what the Royal Kangaroos are famous for. And unless some team can come along and bust their skulls, the Royal Kangaroos' reign of terror will continue

HOW BRUNO SURVIVED VOLKOFF'S SAVAGE ATTACK

FRED BLASSIE'S CAREER is no doubt one of the most successful. He's wrestled all the top names in the sport and has won many titles with his savage style. He proved his point, so to say, that he is on the top of the heap when you talk about success in wrestling.

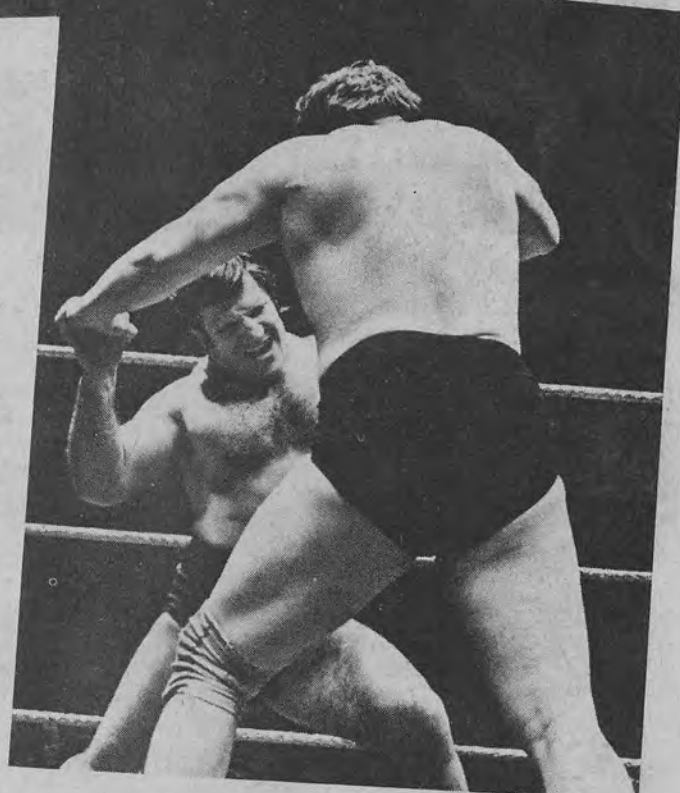

But Fred isn't content with that. He also wants to be talked about high on the list of managers, and maybe as a referee or whatever else he can do in the business.

He's refereed and been praised for his work many times. No one dares cross him when he orders a wrestler to break a hold or when he enforces a rule. If one does, he'll regret it. Fred will beat him bloody.

Freddie's also managed. He took under his wing a giant Siberian, Nikoli Volkoff. With Volkoff he wanted to realize his dream of managing a world champion. And Fred could

he's gotten close to making
it come true more than once.*

Some of wrestling's most brutal practitioners have been imported from Germany. And judging from their vicious actions, it appears they're not convinced World War II is over!

THE REIGN OF terror started with Karl Von Hess in the '50's and there seems to be no end in sight!

That all these savage, brutal, cruel wrestlers come from one country may be only coincidence. However, there is no denying that many of the dirtiest, most vicious wrestlers have come from Germany.

One of the first men to leave his war ravaged country to wrestle in the United States was Karl Von Hess, the man who was probably responsible for more riots than anyone else in wrestling history. Many of the fans had fought in World War II. So had Von Hess, but on the *other* side. He flaunted his Nazi background like a red flag taunting thousands of bulls. Instead of trying to mend German-

Karl Von Hess (above) is believed to have started the German reign of terror. Bruiser (left) will agree.

GERMANS!!!

American relations, he acted like he was still in the war.

Rules were the only thing foreign to him. He used anything he could get his hands on to maim and cripple opponents. If he was responsible for as many injured enemies in World War II as he was for injured wrestlers in the '50's and early '60's, Von Hess would probably have been the most decorated man in the German army.

Fans filled arenas all over the country to see him wrestle the great Antonino Rocco and Ricky Starr. It is no exaggeration to say that Karl Von Hess was the most hated man in wrestling.

Many others have crossed the Atlantic to follow in his hated footsteps. There have been many reasons these men are numbered among the most despised men in wrestling.

The epitome of the German villain is Waldo Von Erich, who managed to pull one of the lowest moves in anyone's memory.

Waldo was sitting in a television

Fritz Von Erich and his brain claw are German exports (above). Karl Von Steiger (right) believes that brutality is the only way to win a match.

Maniacal Waldo Von Erich has to be held back by two referees before he slaughters his opponent (left). Hans Schmidt tries to choke huge Billy McGuire (below). Hans succeeded and Billy collapsed unconscious.

It's a fury-filled battle (left). Kurt Von Hess slugs Hans Mortier as Von Shotz enters the ring to do some double teaming. They've held many tag team titles in Germany and America.

studio watching a little girl present a picture to her favorite wrestler—a picture on which she had worked for hours. Shyly, she extended the portrait of her favorite grappler, waiting anxiously for his approval.

An act so pure and precious was more than Waldo could stand. He ran and yanked the picture from the little girl's hands. Then, as her eyes filled with tears, Von Erich ripped the picture into shreds. The wrestler and others grabbed him and wrestled him to the floor before he went any further. Nobody knows if he would have slapped the girl across the room, but nobody is willing to take bets that he wouldn't.

Waldo is only one of many Germans wrestling in this country. It would be impossible to tell which is the most vicious, which most flagrantly violates the rules. On any evening any one of them might earn those honors.

No matter which part of the country you're in, you can count on one of them ravaging the area. Some of

them learned their tactics while members of Hitler's brownshirts. Others simply come by their cruelty naturally. Whether singly or as a tag team, they can be counted on to terrorize anyone unfortunate enough to wrestle them.

A man on whose evil you can depend on is Killer Karl Krupp, a man who proudly claims he is related to the Krupp family, Germany's leading munition makers, who proudly supply arms to anyone willing to pay the price. While Killer is willing to use any weapon on his opponent, he is most effective when slashing his riding crop across the face of an opponent. Many wrestlers bear scars as testament to his skill in using the crop. It's a brutal weapon employed by a man who enjoys seeing his opponent's face bleeding from numerous, deep cuts.

Fritz Von Erich doesn't use a riding crop. He doesn't have to. Von Erich is the originator of the dreaded German brain claw. All Fritz needs to do is squeeze his fingers over an

opponent's skull and the match is as good as over. First there comes excruciating pain, which is mercifully followed by a state of unconsciousness. The agony is thought to be similar to electric shock treatments and no one who has ever suffered through it has been able to wrestle effectively against Von Erich.

While Von Erich may have been the originator of the German brain claw Baron Von Raschke is the man who perfected it. The Baron possesses the ability to apply the claw from almost any position. The claw is only one of the many weapons the Baron employs and he is not above using foreign ones. The Baron came to America from Germany as a small child, but he is as vicious as any wrestler who immigrated to this country as full-grown man.

One who did come over later in his life and whom many opponents have wish would go back is Hans Schmidt. Schmidt is a veteran. His scars prove that. But he wrestles like a rookie who is trying to decide whe-

Baron Von Raschke rips face of his opponent. "I am Germany's greatest wrestler," the Baron boasts. "We are the superior race in wrestling and will win every title in the world!" The Baron also uses the brain claw to destroy his opponents.

The notorious Von Brauner twins have possibly caused wrestlers more torture than any other tag team imported from Germany.

ther to be a professional wrestler or an assassin. The years haven't slowed him down in the least. He has the physical stamina of a young man. Coupled with his veteran's experience and murderous intentions, Schmidt must be ranked as one of the most dangerously cruel men ever to become a professional wrestler.

Another man who must share that "honor" is Fritz Von Goering. Von Goering, to show his disdain for wrestling's regulations, once ate a rulebook! He then went on to wrestle and wound up sending his luckless opponent to the hospital. Von Goering will turn on anyone. Rarely has one wrestler been more feared by referees and security police. When he enters the arena everyone is on his guard. He is notorious for breaking limbs.

While Von Goering delights in breaking bones, Karl Von Steiger relishes ending careers. There is probably no wrestler in the sport responsible for inflicting more permanent injuries on opponents.

"Other wrestlers bore me," Von Steiger has said, "and I hate to wrestle anybody more than once. To prevent repetition, I try to make sure they'll never wrestle again. It keeps things interesting. And it gives my opponents something to think about when they decide to wrestle me."

Von Steiger has wrestled in many matches against opponents determined to avenge his ending the careers of friends. All too often the opponents join their friends in looking for another line of work.

The most famous German tag team is probably that of Kurt Von Hess and Karl Von Shotz. The two work together like a well-oiled machine of destruction. Many swear each man can anticipate the other perfectly.

This is particularly useful when all four men are battling it out. They are almost one man divided into two evil parts.

When asked how they developed this almost supernatural coordination, Karl simply states, "We are the greatest. That is all there is and all you need to know."

Another Kurt and Karl make up a tag team justifiably feared by scientific teams all over the country — the infamous Von Brauners. These two brothers make savagery an ugly art.

Kurt and Karl delight in their opponents' writhing in agony. Fans have been seen leaving their matches rather than watch them torture their opponents. It takes a strong stomach to remain when the Von Brauners have the advantage.

The newest addition to the roster of German villains is Otto Von Heller. Though he has recently arrived from Germany, it's like he's been here for years. He follows in his countrymen's bloody footsteps.

Von Heller has enormous strength coupled with a will to win that is almost a mania. There is no doubt he too will leave a trail of broken limbs and cracked skulls in his path. He has a lot of cruel countrymen from which to draw inspiration.

The fact that so many wrestlers who come from Germany are savage and cruel and have no regard for the rules angers the few German wrestlers in this country who are strictly scientific. They find they have to overcome not only their opponents but the misconceptions of many fans. They are booed as soon as the fans hear a German name.

"It's infuriating," Eric Froelich, one of the sport's most scientific wrestlers, admits. "But you can't blame the fans. They have been confronted with Germans who are dirty wrestlers for so long they can't believe anyone who is German can wrestle clean!"

"It's all the fault of Karl Von Hess," Froelich believes, "because he was so successful in this country. When other dirty wrestling Germans heard of his success they all decided to come here and make a lot of American money. They don't care whose skull they crack. They'll brutalize a person of any race, religion, or creed."

Karl Von Hess started the migration and many have followed his example. Their reign of terror is unequalled by any other group in the history of wrestling. □

Lou Albano got the stuffing kicked out of him by Chief Jay Strongbow. But Albano's not giving up yet. He's sending his henchmen out to finish the job he couldn't handle. And that's ending Strongbow's career any way they can!

THE MAN CHIEF JAY STRONGBOW MUST DESTROY!

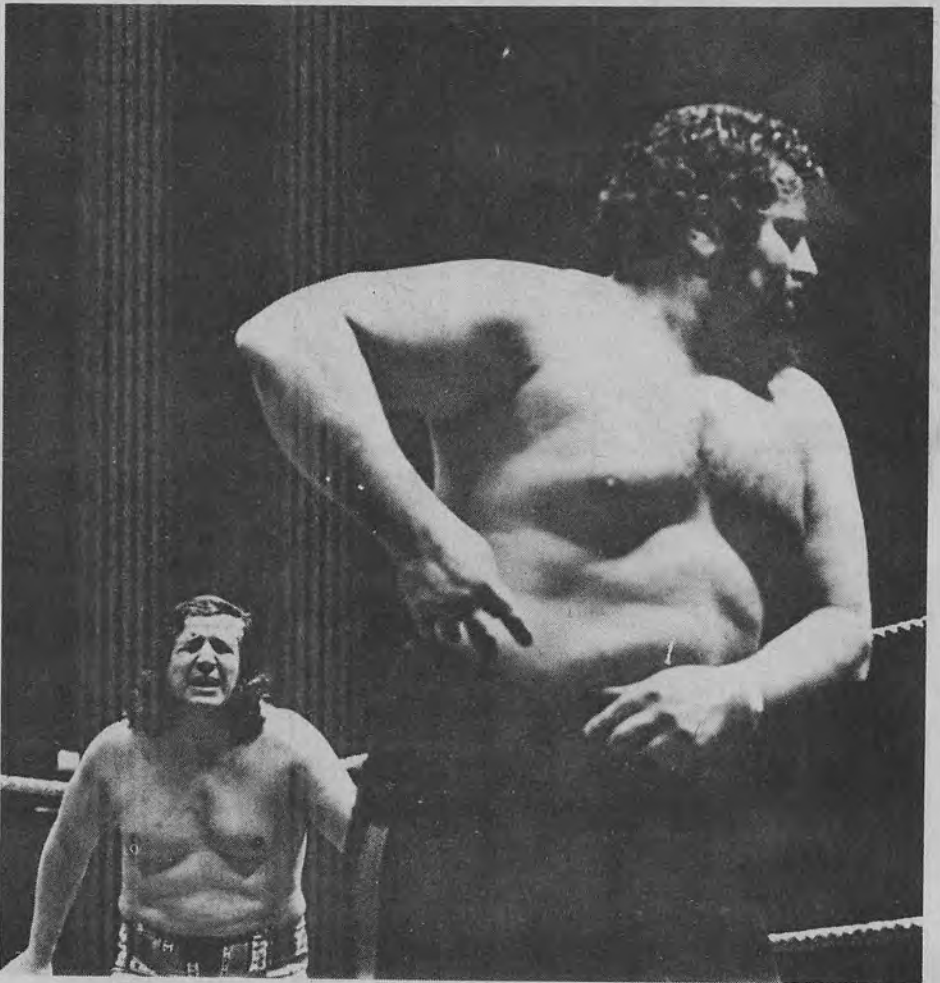

THE MOST POPULAR wrestler of the year on the east coast is... Chief Jay Strongbow!"

Those that were there four years ago still remember the loud, lusty ovation that greeted that announcement. It was a night of celebration and honor. The Chief, proud and appreciative, stood nobly with the trophy while other wrestlers congratulated him.

Three of those extending their hands were Lou Albano, Luke Graham, and Tarzen Tyler. When they got near the Chief, instead of shaking his hand, Graham and Tyler grabbed his arms. The trophy fell to the mat where Albano scooped it up and started to bludgeon the Chief with it. The others stood horrorstruck as the three men turned the night into one of near tragedy. The once proud Chief slumped unconscious to the mat which quickly became stained with his blood. Their deed done, the three men ran from the arena.

That was the beginning of one of the most violent feuds in wrestling history. Graham and Tyler have gone to other areas but Albano remains in the hopes of ending what he began four years ago. The bloodthirsty manager regularly searches the country for wrestlers whose style is particularly suited to injure and humiliate the Chief. He doesn't care if their style includes disregarding rules and human decency. In fact, that is exactly what attracts Albano most.

Over the years, Strongbow has survived the onslaughts of such wrestlers as Moondog Mayne, The Spoiler, King Curtis, and dozens of other rule breaking grapplers all managed by

Albano begs for mercy (above). Strongbow goes into his war dance (left) but Albano stops him (below). But it's only for a moment. Lou's gonna have trouble!

Albano hides a foreign object (left). He gets a chance and rakes Chief's eyes (right). Strongbow tomahawk chops Lou on the way to making him a bloody mess.

Albano. It's caused the Chief a lot of pain and he's lost a lot of blood. Yet Albano is still searching for the wrestler who can end Strongbow's career.

Finally, Albano became so frustrated he decided to do something himself.

"I challenge Strongbow," Albano declared, "to a no-holds barred wrestling match."

Strongbow accepted readily, being tired of wrestling Albano's men rather than Albano himself.

"This is what should have happened four years ago," the Chief said when agreed to the match.

When the match itself got underway a month later, Albano surprised nobody when he took out a foreign object almost immediately. He got to the Chief's head with it a few times but Strongbow soon wrestled the weapon away from him before it could do any damage.

With the weapon in his hand, Strongbow avenged his four years of hardship at the hands of Albano's henchmen. Smashing away at Albano's skull, Strongbow soon did what Albano's men have made the Chief do bleed.

Albano leaped out of the ring. Strongbow dragged him back in and continued the punishment. Each smash took away some of the scars, some of the awful memories.

Eventually, Albano's terror was so great that he managed to escape.

Strongbow stood in the center of the ring, hearing the crowd applaud. It was as full and heartfelt as that ovation four years ago. They applauded and shouted knowing that their happiness won't be destroyed this time. □

WHAT IT'S LIKE TO BE TORTURED BY THE SHEIK!

One of the most feared weapons in The Sheik's arsenal is his pencil. With it he carves road maps on the face of his opponent, as he does with Mighty Igor (above). When John Tolos tried to give The Sheik a handshake and welcome him to California, the Arab went crazy and attacked John with a wooden leg he broke off a table (left)!

AT FIRST, I just stared in amazement. When he began to sharpen the leg of the press table he smashed, my amazement turned to horror. Then, taking the leg like a spear, he went after me.

"The leg slashed at me, cutting my face and body. For the Sheik, it was also a club. He must have used that weapon to smash my face and body about 30 times. The pain was agonizing only for a short time. Then I grew numb. I had no strength to resist but it didn't hurt anymore. Unhappily, my capacity to feel pain returned about 20 minutes after they tore him off me and had me in the dressing room. It took two weeks before I realized I didn't hurt!"

That's how Chief Jay Strongbow remembers being tortured by the Sheik, acknowledged among professional wrestlers themselves as being the wrestler who most closely resem-

Everything in sight becomes a foreign object when The Sheik's wrestling. Here (left) he chokes the breath out of Fred Blassie with a flag! Fred was rescued by Bobo Brazil. Bobo's had his share of The Sheik's terror (above). The medicated powder thrown in Bobo's face blinded the "Coco" butt expert for many days.

Wrestlers shake with fear when they hear the name "The Sheik." Some recall being blinded by the fire he shoots from his hand. Others remember having their flesh ripped apart by one of his foreign objects. In this exclusive feature, some famous wrestlers recall their moment of terror by telling you...

bles a savagely hungry wild animal. The list of men who have suffered from the Sheik's foul tactics reads like a "Who's Who" of professional wrestling greats. The Sheik has managed to maim the best.

The Sheik has three ways he violates the rules in order to torture his opponents. His teeth are like slashing razors that tear at the skin upon an opponent's forehead. He also carries a pencil that he uses to jab and scrape at an opponent's head. Lastly, the Sheik is a fire thrower. Somehow, he has managed to shoot fire from his hands. Many wrestlers have been carried from the ring screaming in agony, their faces masses of charred flesh.

"The pain is too great to describe," says Tony Marino, a victim of The Sheik's flames. "It's instantaneous and total. Burns are like no other pain. There's no protection and the

pain doesn't stop for days.

"The really terrifying thing is that you see it coming. There's this bright, incredibly quick flash and then all is blackness. That's because your eyes are so badly scorched that you can't keep them open. With the blackness comes the agony."

Johnny Valentine was temporarily blinded by The Sheik's fire. He couldn't see at all for two weeks. It's still painful for Valentine to recount the full experience.

"It wasn't hot at all," Johnny said, visibly wincing at the horrible memory. "There was no feeling of temperature. At first there was just pain. Seconds later I began to feel heat on my face, like a burning saber scorching the flesh as it tore away skin. The pain was so awful I didn't care about seeing for almost a day. But then there were those two horrible weeks of blackness. The torment won-

Johnny Valentine's forehead is torn to shreds by The Sheik's pencil. Note that John hasn't even taken his robe off yet!

John Tolos collapses unconscious outside the ropes (above) after a brutal Sheik pencil treatment.

It's a similar torture for Bobo Brazil (above) as holes are drilled in the back of his neck! Mighty Igor has had all he can take (left) of Sheik's vicious methods. Tony Marino's in charge for a moment (below) in a wild strap match. The Sheik turned the tables and burned Tony with the fire he shoots from his fingers.

dering if my career was finished was more horrible than the pain!"

Lord Layton is an Englishman who had to cross the Atlantic to experience agony, Sheik style.

"Truly," Layton declares, "wrestling The Sheik was a bloody awful experience. After all, rules are rules, you know, and The Sheik is simply not cricket. The man is uncivilized, not fit for participation in organized athletics. I don't see where misfits of that type should even be allowed in the same country as civilized human beings.

"I bloody well shall never forget when that maniac attacked me with that pencil he so enjoys using. The pain when the dulled point smashes into your forehead is much greater than one would suppose. After all, a pencil shouldn't be that dangerous a weapon. But the pain is truly excruciating.

"What makes it so dangerous is that it isn't a clean hit. The Sheik tears that pencil along the forehead. I don't know which is worse, the pain or the terror that overwhelms one when blood starts pouring into one's eyes. I don't think there is anything so frightening. And don't believe anyone when they tell you that they get used to it. The one hundredth time is just as frightening as the first time."

Ivan Kalmikoff, manager of Mighty Igor, will never forgive The Sheik for biting the flesh from Igor's head.

"Never in my life," Ivan remembers angrily, "have I seen such an animalistic tactic by a human being. Nobody but the Sheik is so horribly effective with his teeth. Instead of The Sheik, he should be called 'the barracuda.'"

"My heart was breaking as I saw innocent Igor being torn by The Sheik's teeth. He ravaged that forehead, tearing off the skin. It's enough to make a man get sick. After the match, Igor just looked at me, his face twisted in pain and confusion. He couldn't understand why I would let him near anyone so evil. If I wasn't so angry, I might have cried!"

One wrestling great who suffered all these and more from the Sheik is Bobo Brazil. Bobo despises the Sheik so much that he will risk any agony to humiliate and defeat his enemy.

"Many people," Bobo points out, "tend to dismiss the powder The Sheik hurls in opponents' eyes as nothing. Believe me, that powder burns as badly as the fire. I think

Tony Marino's in a state of shock (above) after The Sheik shot fire at him. Johnny Valentine's career was ended temporarily when he was shot with fire and blinded (right).

"The Sheik's a madman!" Johnny Powers proclaims. And John should know. He's had his hands full with the Arab (above). "I'd love to get that pencil away from him," Powers angrily stated.

"Next to me," Blassie says admiringly, "The Sheik has the most talented teeth in wrestling. Biting is a craft. To be done well takes unlimited talent. Watching The Sheik tear the skin off somebody's forehead is a privilege few fans appreciate. Even when he does it to me, the pain is tormenting but you have to admire the man's class."

Tolos is more impressed with the Sheik's pencil than with his teeth.

"When that thing smashes into your skull," Tolos says, "the pain is so agonizing that you have to admire the man who gave it to you. You're angry when it happens, of course, but when the pain subsides, you've got to appreciate the skill with which he wields the thing."

"If anyone had told me that a little pencil would be the most feared object in wrestling, I would have called them crazy. The pain is so horrible. I think I'd rather be burned than have that thing tearing and pounding my skull."

While nobody can agree which illegal tactic of The Sheik's is most painful, they all agree with Johnny Powers when he was asked to rate which one caused the greatest anguish.

"Agony is agony," he said, "so why bother to rate them. They, and The Sheik, should all be avoided."

So why do men risk their careers, perhaps their lives, by wrestling The Sheik?

"You just remember the times," Luis Martinez says, "that The Sheik has left the ring a bloody mess. For that, you'd risk fire, powder, pencil, and yes, even your career." □

it's the powder equivalent of tear gas. You just want to tear your eyes out, they burn so badly. Not to mention, it makes you start to choke and all you want to do is lie down. It's a terrifying experience. Terrifying is the only word for it.

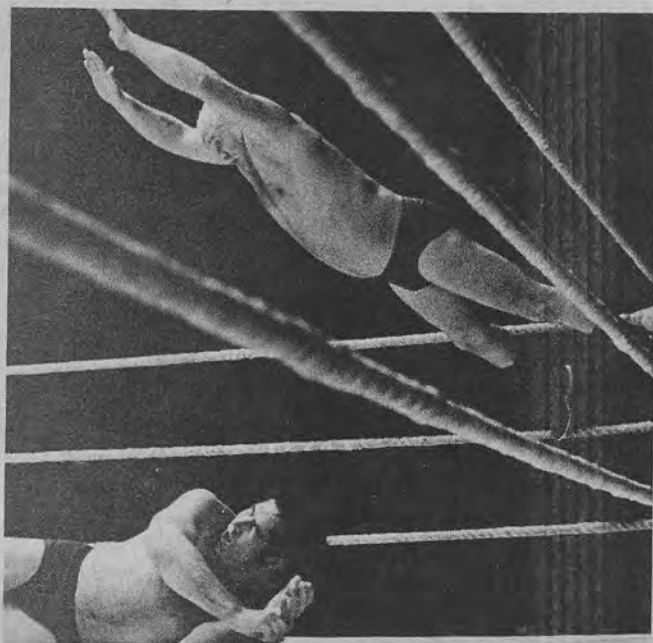

"The Sheik is out for blood. I don't even think he cares about winning. I'll never understand why he became a wrestler instead of a professional killer."

Naturally, you'll find people who enjoy The Sheik's tactics and respect his cruel expertise. In fact, The Sheik's ability is probably the only area in which Freddie Blassie and John Tolos agree.

Blassie, who is often called "Vampire" because of his biting, thinks the Sheik is the second greatest biter in wrestling history.

"I was in agony," the popular Luis Martinez recalled after his match against The Sheik. "The guy is totally nuts!"

Look out below! Harley Race tries to fly onto Jack Brisco (above) and Jack's moving out of the way! Race is up in the air again (right) but not by his own doing. Jack slammed him.

NO...

IT'S HARLEY RACE

PHOTOS By STEVE GOLDSTIEN

LOOK! UP IN the sky! Is it a bird? A plane? No. It's Harley Race. And he's none too happy about it.

Jack Brisco tossed Race around until Harley's head was spinning twice as fast as his body. It was one of those nights when Race was doomed to do nothing right. Everything he did played into Jack Brisco's hands.

Of course, Race was the victim of a well-thought out and brilliantly executed plan devised by Jack. It meant something very special to Jack to conclusively defeat the man from whom he won the title. This match was to prove beyond a doubt that the championship match was no fluke.

"I've got to control the entire match," Jack said to his brother, Jerry, before the match. "There can

be no question in anyone's mind that I'm the superior wrestler."

"Are you considering devising a new game plan for the match?" Jerry asked. "Because if you are, I think I've got an idea."

"What?" Jack asked, beginning to get excited.

"Well, if you were Race," Jerry began, "what would you be looking out for?"

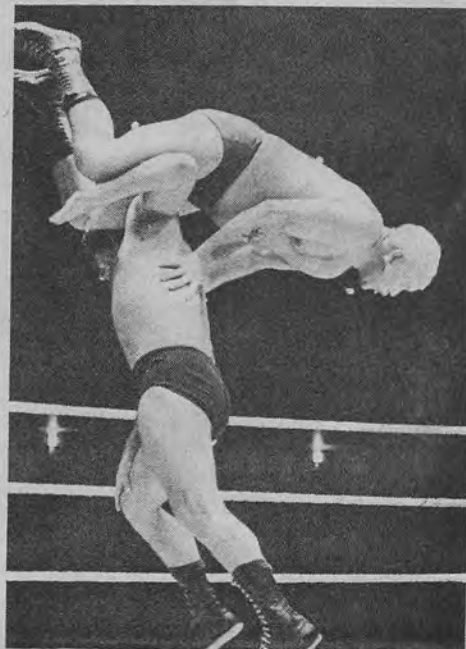

"The figure-four leglock," Jack answered immediately, naming the hold that has become his trademark.

"Right!" Jerry agreed. "So he will be very careful not to get too close to the mat. He doesn't want to get close to a sitting position because that's how he'll be trapped."

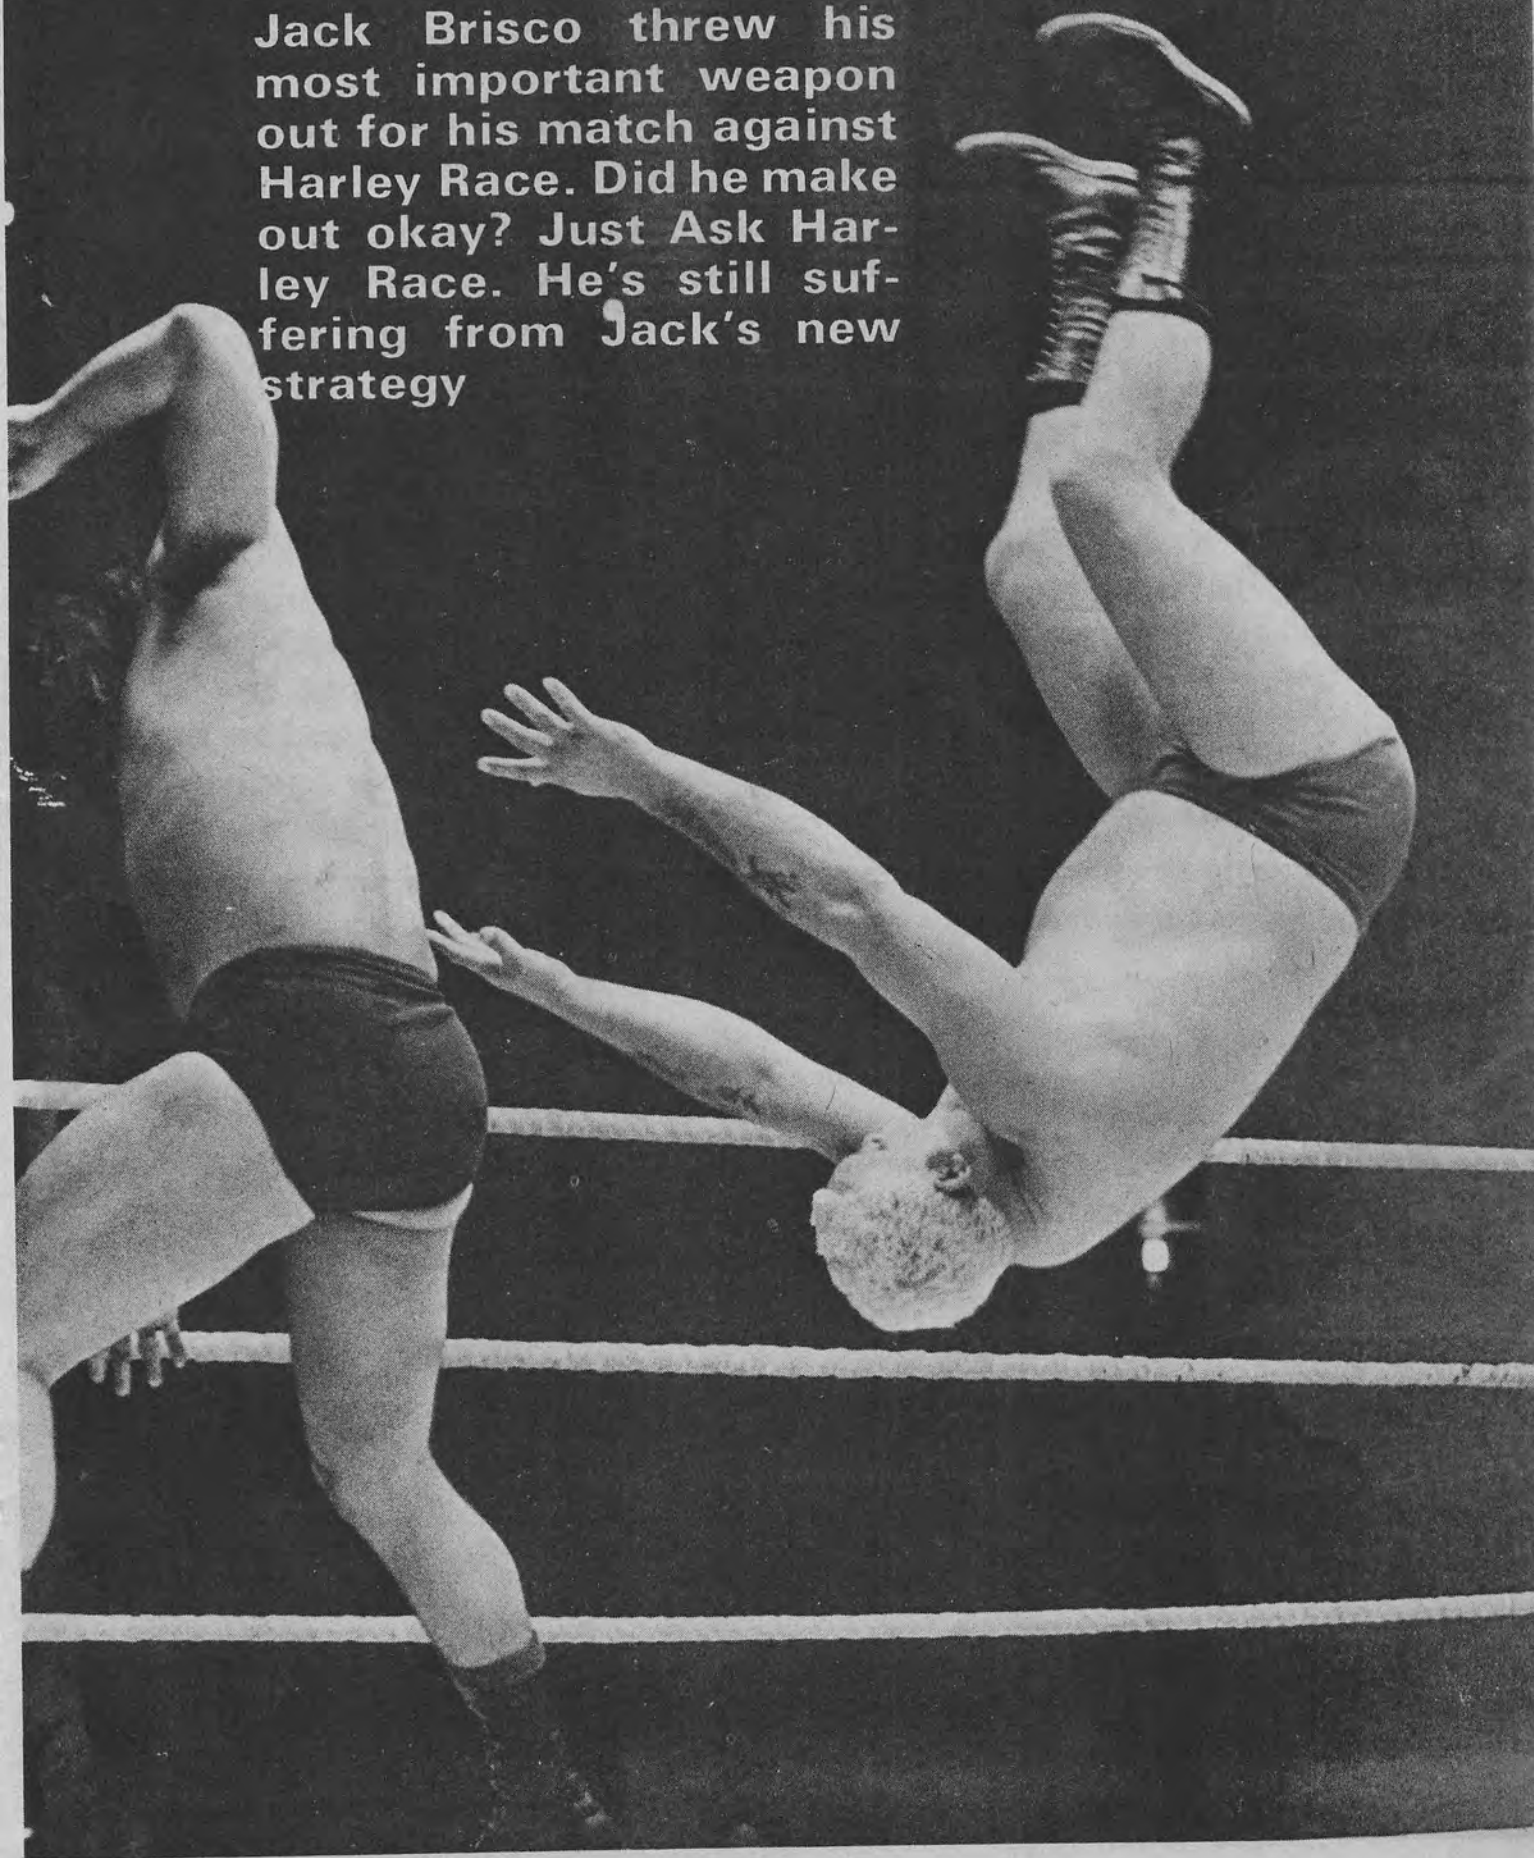

"So," Jerry continued, "it would make sense to pursue Race where he wants to be. He'll give you less

(Continued on page 64)

Ooh. It's gonna hurt when Harley lands. He spent very little time on the mat due to Jack's strategy.

Jack Brisco threw his most important weapon out for his match against Harley Race. Did he make out okay? Just Ask Harley Race. He's still suffering from Jack's new strategy

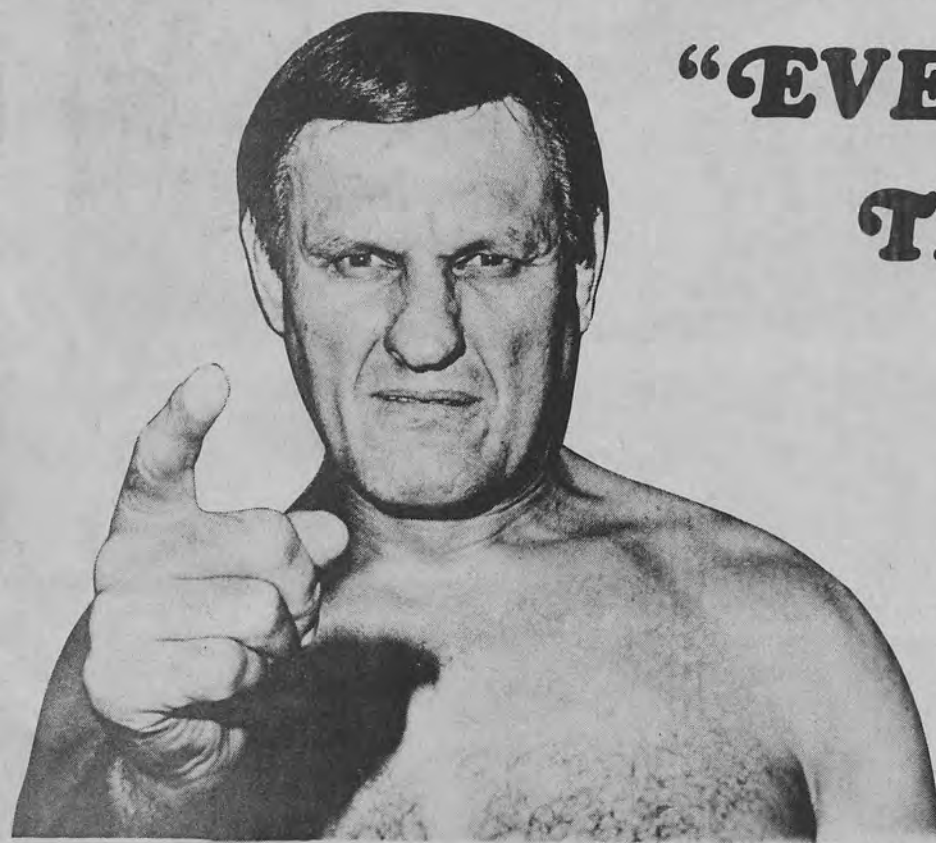

WRESTLER ON THE "HOTSEAT"

The "Hotseat" is not a comfortable place to be. When we put a wrestler on the "Hotseat" we interview him. But it is more than just an interview. It is a no-holds-barred question and answer forum that probes beyond the obvious and seeks to find out what others are afraid to ask. The "Hotseat" pulls no punches and plays no favorites. It is the kind of in-depth feature you'll find nowhere else!

KILLER KOWALSKI SNARLS:

**"EVERYBODY'S
TERRIFIED
OF ME!"**

Q: Welcome to the "Hotseat" Killer.

A: Thank you. What's on your mind?

Q: First of all, do you feel you've lived up to the nickname "Killer?"

A: I think my opponents feel I have lived up to it.

Q: But do you?

A: No. You see I'm just an aggressive wrestler. Given the opportunity, my opponents would be just as aggressive. As a matter of fact, sometimes they try more dirty tricks than I do and the fans cheer

I CHOPPED YUKON'S

Killer's feud with Edouard Carpentier (below) ranks as one of wrestling's hottest.

A rare sight (right)—Don Leo Jonathan taking a beating. But in house bouts against Kowalski, Don gets back what he dishes out. If you like action-packed, brutal matches, see one of theirs. The Kowalski "Superstomp" is about to take its toll on Andre The Giant (below).

them on. The people don't see my point. I'm not a dirty wrestler. I just don't let my opponents get the best of me.

Q: Has anyone ever "bested" you?

A: You've never seen me bleed. I'm not a bleeder. I'm the doctor in that ring. If anybody's gonna have an operation performed on them, I perform the operation.

Q: You say you're a rule abiding wrestler. Okay, in many parts of the world you wear a mask. Your opponents claim you wear it so you can hide a foreign object up there and then butt them with it. Now that's illegal — isn't it?

A: You can't go around making those kind of accusations. I've never been caught with a foreign object in that mask. They might think I use a weapon in there. You see, because I'm a better wrestler they try and find an excuse for losing, and that's it. They're just jealous of me.

Q: You mean they're trying to justify their losses?

A: That's putting it perfectly. Look, it's not a shame to lose a match to the great Killer Kowalski. Just the fact they stepped in the ring against me proves they're top championship caliber.

Q: Could they remember the match against you for the rest of their lives?

A: They'd remember the punishment for the rest of their lives, no doubt about that. They can tell their grandchildren "I wrestled Killer Kowalski."

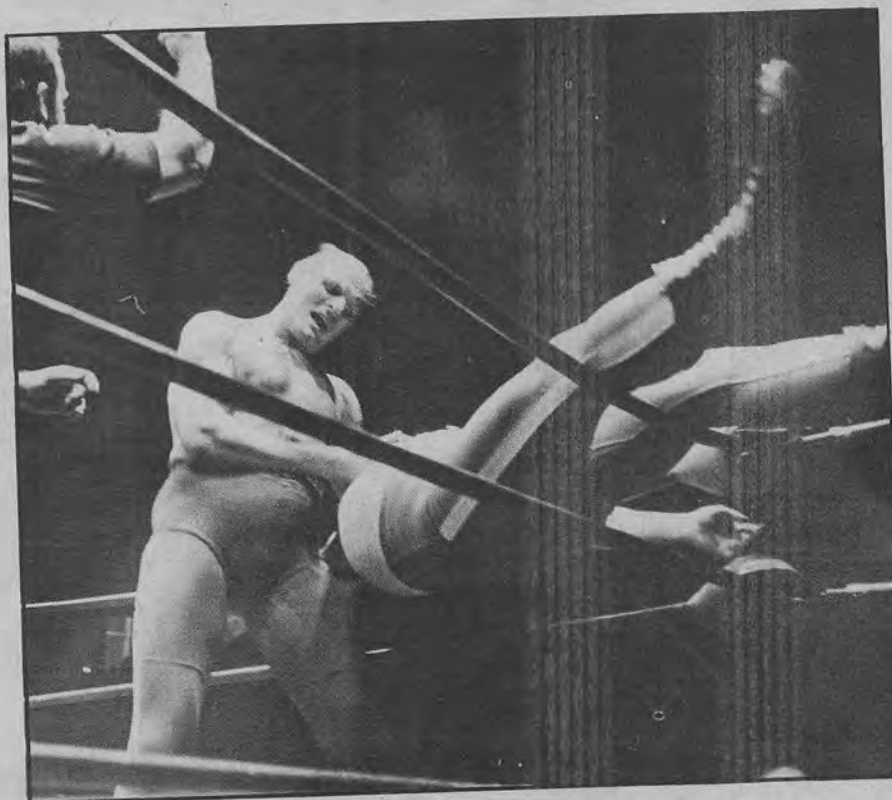

Q: One guy who'll tell that to his grandchildren is Edouard Car-

pentier. The two of you have wrestled dozens of times and you really seem to hate each other with a passion. What started this feud?

A: Carpentier keeps insisting he can topple me. Wherever he wrestles I go into that area and prove him wrong by beating him. I've got his number. That's why he hates me. He realizes I'm a bigger man than him. I won't take away from his ability, he's got a lot of it.

Q: How would you categorize him in your ratings?

A: Some of my toughest matches were against him. But I'm bigger and better than he is.

Q: During a recent "Hotseat" interview, Don Leo Jonathan said some pretty nasty and some pretty good things about you. What are your feelings towards him?

A: He is a very unique wrestler. Not only being a big strong man, he can move like I've never seen smaller men do. He's a fast son of a gun. He can dropkick, do flying headscissors and other flying tactics. He's a tough guy, no doubt about it. In fact, whenever we wrestle, whew, I ache the next day. My whole body hurts.

Q: Thanks for that honest look at Jonathan. Now turning to something a little unpleasant. Many years ago you tore off Yukon Eric's ear with one of your flying kneedrops. Do you regret what you did?

A: No, I thought it was rather humorous.

Q: You thought that was funny?

A: Oh yeah. When it fell off I looked at it and laughed and laughed. HA, HA, HA!

Q: You were laughing when you chopped his ear off?

A: Yeah, and after the match I looked at Eric and man, was it funny! You've got to admit it was funny! HA, HA, HA!

Killer says he's not a rule breaker, just an aggressive wrestler. Try to tell that to his opponent (above) and he'll probably laugh in your face. Killer and Carpentier trade kicks (above right). "Carpentier breaks the rules often," Kowalski claims. When Don Leon Jonathan and the Killer were friends, Don tried to help Killer in his match against Carpentier. But Ed ducked and it backfired (right). Killer causes a major riot in Montreal (below right).

Q: You laughed in his face?

A: Right!

Q: Isn't that sadistic?

A: No. No. To see a man with his ear missing is funny. Did you ever see a guy with a missing ear?

Q: No.

A: Well, if you do see it you'll laugh.

Q: You think so?

A: That's correct. The real funny part about it was that it threw his balance off. Especially when he walked down the street in a high wind. It'd catch that one good ear and spin him around like a rudder. HA!

Q: I think we've heard enough about that. You are credited with inventing the claw hold. Just how does your claw compare with that of Fritz Von Erich, the other claw master?

A: No. People have a misconception about me. They think I'm just a sadistic animal. A violent person. I'm just a, well, not a pussycat. Let's call me a tame tiger.

Q: You're a vegetarian. You won't eat meat. However, you do wrestle like an animal hungry for a meat dinner.

A: I don't eat my opponents, though. I just leave the pieces of body lying where they fall.

Q: Anything else you'd like to add?

A: I'm getting a complex. The truth is I can't find a single wrestler who really likes me. In fact, it seems like everyone is out to hurt me. What are they trying to do? Run a vendetta for all the men I've injured?

Q: Do you feel like they've put a bounty on your head?

A: That's a good way to put it. The top gunmen are after me. They want to shoot me and get my top rating. If they just want my belts, my trophies, they can have them. I don't need them. I usually give 'em away anyhow. I can't be bothered with that stuff. I'd rather get money than a trophy.

Q: Even the title belt—I mean would you give that away?

A: Probably. I don't need a belt to prove how great I am.

Q: Thank you Killer.

A: It was a pleasure.

A: Fritz' is not the same. He applies it to the brain while I apply the claw on my opponent's stomach. I have been using the stomach claw for many years. But I'll tell you something. Some of the wrestlers lately have such finely developed stomachs, it's hard to claw them effectively. Their stomachs are like a cement wall. I have to kick them in the stomach a few times to soften them up for the claw. But by the time I get finished kicking them, I can almost beat them anyway, so I don't have to use the claw.

Q: What would you do if they outlawed the claw?

A: If enough pressure was put on me to drop it, I would. Remember, I'm a strong obeyer of the rules.

Q: Wait a minute! That's baloney!

Fans have backed Pampero Firpo now that he's no longer wrestling guys they love, like Bobo (right) They'd rather see him against men like The Sheik (above).

Jack has proven that he can appreciate talent in others as well as in himself. That takes a professional and a gentleman.

However, I have to disagree with Jack on one thing — there is nobody alive who can take his title from him. Jack Brisco is the best and there's no way to get around that.

Jack said he hoped that his reign will go down as the greatest in wrestling history. He has nothing to worry about in that area.

All who truly love wrestling must love Jack Brisco!

THE GREAT PAMPERO

I have followed very closely your articles detailing Pampero Firpo's change of philosophy. To me, Pampero has become the most exciting man in wrestling.

Your account of his latest match against The Sheik (INSIDE WRESTLING/June '74) was the latest chapter in wrestling's most interesting

story. Every match that Pampero manages to wrestle scientifically is an act of courage. His is a great quest — to forsake the past and start over again.

We are with you, Pampero. Real wrestling fans everywhere applaud your courage and determination.

Jack Brisco (above) is proving he's a great champion. Chris Taylor (below) is a sure bet to become a wrestling superstar.

CHRIS CAN'T MISS

The article on Chris Taylor (INSIDE WRESTLING/June '74) is just one of many articles I hope to see soon on this future superstar. From the Olympics to professional wrestling's greatest heights will be the story of his quick rise.

I've seen him wrestle and I doubt if there's anybody who will beat him for years to come. Chris Taylor is the major figure of our generation.

ADULTS NUDIE Style Request

TIM WOODS

(Continued from Page 18)

Tim has Bobby in a sleeper hold (left). Later on it's the abdominal stretch (below) that gives Bobby a hard time. "Woods is a liar," Bobby contends. "He is the most dangerous phony I've ever come across," he adds. But Tim's fans know better than to believe Bobby.

Shane's features. Shane didn't say how in both matches his tactics would have been frowned upon in a gutter, which is about par for the course for Bobby.

That didn't matter to Shane, who could think of nothing but the throbbing on the left side of his face. His anger was uncontrollable and nobody bothered to calm him down. The inside of the dressing room reverberated with his screams.

"How can they call that slob a clean wrestler?" Shane asked everyone and no one. "How can they call him anything in mixed company? Look at this!" he'd scream and shove his battered face toward an innocent bystander to inspect the damage.

They let Shane rant and rave until he was tired. Then he stepped into his limosine and his valet, Winston, drove him home.

But Shane wasn't through. When Bobby Shane gets angry there is no stopping him. The next week, Shane was being interviewed on television. The interviewer was careful not to mention the Woods match and the discoloration still visible around Bobby's eye. When Shane discovered nobody else would bring up the subject of Tim Woods, he brought up his enemy's name himself.

"Tim Woods," Shane said quietly but quickly working his way up to a scream, "is the most dangerous phony ever to wrestle. He has fooled the fans, who don't see the subtle ways he cheats and maims

his opponents. He has fooled the referees, which is no great accomplishment. He makes me sick the way he comes on like such a goody-goody while he's actually the most reprehensible cheat ever to pollute a wrestling arena. I've been there and I know.

"Many of you," Shane went on, "will be taken in by his lies because you're none too bright. That's why I'm compelled to tell you the truth. Tim Woods is the dirtiest, most vicious wrestler in the world today. Be the first on your block to know the truth."

Naturally, the people who ran the program felt guilty that Shane could say those things without Woods being there defending himself. After the program the producer called Woods and invited him to speak. Tim declined the invitation.

The Deadly Oriental Fighting Art of Instantaneous Death That Requires No Strength or CLOSE BODY CONTACT.

- ★ Self-defense without torturous training or rigorous exercise.
- ★ Instant self-defense for the weak, the defenseless, the fearful and the untrained.
- ★ Makes your body a live fighting machine! Hands, feet, elbows even fingers become deadly weapons of defense.
- ★ Faster, deadlier and easier than Judo, Savate or Karate.

Revealed at last! The most effective of all the Oriental fighting arts—KUNG FU. So simple that if you can read you can easily master the theory of this "flick-of-the-wrist" technique. KUNG FU can take anyone* without training and make him a fighting machine in seconds.

HOW KUNG FU WORKS

KUNG FU is based on a simple yet lethally effective principle that does not require you to match strength with your opponents. What you do is harness the enormous natural power of your own movements to take advantage of these fundamental laws of natural movement. Add to your rhythm the very movement against you . . . so that all forces are added together and unleashed against your opponent. This is KUNG FU—a force so simple yet so devastating that its techniques have stunned the world.

KUNG FU IS BETTER THAN ALL OTHER FORMS OF SELF DEFENSE

KUNG FU is better than all other forms of self defense! Its secret lies in its simplicity and in its ability to overcome an attacker WITHOUT INTRICATE BODY CONTACT. With KUNG FU's "flick-of-the-wrist" technique, YOU CAN WIN . . . EVEN IF YOUR OPPONENT IS BIGGER AND STRONGER THAN YOU. You can win if your attacker surprises you. And more—KUNG FU means deadly, often crippling self defense where every part of your body is a fearful weapon. Your feet, your hands, your elbows, your fingers become lethal weapons WITHOUT REQUIRING SUPER MUSCLE-POWER OR BRUTE FORCE. And you can do all this without years of training, special exercises, and especially hundreds of dollars in cost.

WHAT KUNG FU WILL MEAN TO YOU

With so many crimes of violence about us you could be in danger—anytime—of being hurt or worse humiliated! BUT NOW YOU CAN DO SOMETHING ABOUT IT. You can protect yourself, your family and your property with deadly efficiency in mere seconds. Yes, and you can do it without years of training, hundreds of dollars in cost, and without long, painful practice. Regardless of size, strength or build you can beat the bullies and better the odds. Thanks to KUNG FU you need never be afraid again. You too can learn to overcome the fear of being shamed. You too can be the one that gives the beating! You too can control threatening, dangerous situations.

*We do not claim that physically handicapped or other disadvantaged persons can perform these feats. Nor are these techniques claimed to be effective against anyone armed with a loaded gun.

WHY KUNG FU MAKES ALL THIS POSSIBLE

Other forms of self defense like Judo or Karate require strength, speed, etc . . . and endless practice. NOT SO WITH KUNG FU! Technique and form aren't important. DEFENSE IS! KUNG FU is designed to help you defend yourself in most situations* with an absolute minimum in effort and a maximum in protection.

COMPLETE SECRETS REVEALED NOTHING ELSE TO LEARN

The SECRETS OF KUNG FU are fully revealed in one amazing "how to" book. The course comes complete and there's nothing else to learn or buy. You don't need any special apparatus or practice dummies. And once you master the SECRETS OF KUNG FU you can forget about other systems and other methods. Now, in the privacy of your own home, you can learn the deadliest fighting secrets of all time at your very own pace! In just minutes you can find out how to deliver a crippling blow that leaves your opponent powerless . . . in seconds you learn how to destroy your attacker's ability to fight . . . and much, much more. The fully revealed SECRETS OF KUNG FU are so sensational that we make you this UNCONDITIONAL GUARANTEE: You must be fully satisfied or it costs you nothing.

Shane stands ready to wrestle Woods. "I am a superior man when you compare us," he said.

"When I have to worry," Tim explained, "about what Bobby Shane says about me, then I'll get into some other line of work. I'm not proud of what I did to Shane in those matches. But I'm not ashamed, either. He pushed me beyond the limit of my endurance and I gave him some of his own medicine. I thought it would teach him a lesson. I guess you can't teach a mad dog any tricks."

Shane is still angry about the beating he suffered and his slanders about Woods continue. However, he is yet to be believed.

"I can't understand it," Shane says. "Some people just can't accept the truth. Sooner or later, they've got to believe me, don't they?"

Not necessarily, Bobby. Not necessarily. ☐

I FIRED ERNIE

I told Ladd not to use illegal tactics when wrestling Crusher (above). But he went against my wishes. When I was bloodied up by Bruiser and Bruno Sammartino (left) Ladd didn't even help me.

Bruno Sammartino and Bruiser, I told Ernie to remain cool and I'd get a rematch in the works. The guy wouldn't wait.

He went right to the wrestling commission and *demand*ed a rematch. When he left their office the commissioner called me. He was outraged. "Why the heck did you send Ladd up here?" he asked.

The crybaby's got to be consoled by me after a fan called him a bad name. Ladd has no class.

"He did everything but tear the office apart. That's the most unprofessional thing I've ever come up against. Mr. Heenan, you're not the diplomat we thought you were."

So, Ladd gave me a bad name with the wrestling commission. Now it's almost impossible for me to even get an appointment with them. However, due to Ladd's actions, we were sent a telegram refusing a return tag team title match.

So I immediately put in a request for the Valiants and it was accepted. You know the rest. They wrestled the title away from Bruno and Bruiser very convincingly.

So Ernie Ladd can accuse me of doing bad things to him but the truth of the matter is he's stubborn! Hard-headed would be a better word. If he makes an honest effort to change his ways I might honor his contract, which, by the way, he had signed over to me for the next few years. I still have a legal hold on him. So if I want him back I'll have him back. But not on the same terms. He's got to listen to me and me only.

Wrestlers from all over the world send me photos and beg me to manage them. I can choose from thousands! I don't need Ernie Ladd. He needs me. Because a body with no brains is useless! □

Losing Your Hair Hair Thinning Do You Have Dandruff Itchy Scalp?

**THE COMATE HAIR AND SCALP TREATMENT
MAY MEAN THE DIFFERENCE BETWEEN
SAVING YOUR HAIR AND LOSING THE REST OF IT.**

Baldness is simply a matter of subtraction. When the number of new hairs fail to equal the number of falling hair, you end up minus your head of hair (bald). Why not avoid baldness by preventing unnecessary loss of hair? Why not eliminate needless causes of hair loss and give Nature a chance to grow more hair for you? Many of the country's dermatologists and other foremost hair and scalp specialists believe that seborrhea, a common scalp disorder, causes hair loss. What is seborrhea? It is a bacterial infection of the scalp that can eventually cause permanent damage to the hair follicles. Its visible evidence is "thinning" hair. Its end result is baldness. Its symptoms are dry, itchy scalp, dandruff, oily hair, head scales, and progressive hair loss.

So, if you are beginning to notice that your forehead is getting larger, beginning to notice that there is too much hair on your comb, beginning to be worried about the dryness of your hair, the itchiness of your scalp, the ugly dandruff — these are Nature's Red Flags warning you of impending baldness. Even if you have been losing your hair for some time, don't let seborrhea rob you of the rest of your hair.

Male pattern baldness is the cause of the great majority of causes of baldness and excessive hair loss. In such cases neither the Comate treatment nor any other treatment is effective.

Note To Doctors
Doctors, clinics and hospitals interested in scalp disorders can obtain professional samples and literature on written request.

HOW COMATE WORKS ON YOUR SCALP

The development of an amazing hair and scalp medicine called Comate is specifically designed to control seborrhea and stop the hair loss it causes.

"My hair had been coming out and breaking off for about 21 years and Comate has improved it so much."
—Mrs. J. E. Lisbon, Ga.

"It really has improved my hair in one week, and I know what the result will be in three more. I am so happy over it, I had to write!"
—Mrs. H. J. McComb, Miss.

"I've used a good many different 'tonics.' But until I tried Comate, I had no results. Now I'm rid of dandruff, and itchy scalp. My hair looks thicker."
—G. E., Alberta, Canada

"I used to comb out a handful of hair at a time. Now I only get 4-6 on my comb. The terrible itching has stopped."
—L.H.M., Los Angeles, Cal.

"My hair has improved. It used to fall out by handfuls. Comate stopped it from falling out."
—D.M.H., Oklahoma City, Okla.

It offers the opportunity to thousands of men and women losing their hair to bacterial infection to reverse the battle they are now losing on their scalps. By stopping this obstacle to normal hair growth, new hairs can grow as Nature intended.

This is how Comate works: (1) It combines in a single scalp treatment the essential corrective factors for normal hair growth. By its rubifacient action it stimulates blood circulation to the scalp, thereby supplying more nutrition to still-alive hair follicles. (2) As a highly effective antiseptic, Comate kills on contact the seborrhea-causing scalp bacteria believed to be a cause of baldness. (3) By its keratolitic action it dissolves ugly dandruff. By tending to normalize the lubrication of the hair shaft it corrects excessively dry and oily hair. It eliminates head scales & scalp itch.

In short, Comate offers you in a single treatment the best that modern medicine has developed for the preservation of your hair. There is no excuse today except ignorance for any man or woman to neglect seborrhea and pay the penalty of hair loss.

COMATE IS UNCONDITIONALLY GUARANTEED

To you we offer this UNCONDITIONAL GUARANTEE. Treat your scalp to Comate in your own home, following the simple directions. See for yourself in your own mirror how after a few treatments, Comate makes your hair look thicker and alive. How Comate ends your dandruff, stops your scalp itch. How Comate gives your hair a chance to grow. Most men and women report results after the first treatment, some take longer. But we say this to you. If, for any reason, you are not completely satisfied with the improvement in your own case — AT ANY TIME — return the unused portion for a prompt refund. No questions asked.

But don't delay. For the sake of your hair, order Comate today. Nothing — not even Comate — can grow hair from dead follicles. Fill out the coupon now, and take the first step toward a good head of hair again.

I DUMPED BOBBY

(Continued from Page 15)

If it wasn't for rat Heenan, me and Baron Von Raschke would be wearin' the W.W.A. belts today. We had 'em (right) and lost 'em cause of him. Sammartino busted my leg (below) where was Heenan? Nowhere in sight baby! See what I mean about him?

and I would have gladly brought tag team titles his way. But no. He chose to ignore me. He must have a screw loose.

I didn't realize Heenan was giving me the short end of the stick until I overheard him talking to another wrestler. "Look," he said, "I've got

Finally I got so fed up with Heenan, I attacked the bum. I don't think we'll ever become business partners again.

to find a way to drop Ladd. I can't give my full span of attention to the Valiants with him around. He demands all my time."

Man, was that a shock! Here was a guy I trusted, a guy I befriended. He stabbed me in the back.

I've never said this before, but as a manager Heenan just doesn't know how to play his cards right. There were many opportunities I passed up in other parts of the country just to appear somewhere for Heenan so he'd make some dough. And look at the thanks I got. He wanted to do away with me.

Bobby Heenan, I vow to get even with you, somehow, someday. Don't think I'll forget you, I won't. I want an explanation from you and if it's not a good one, I mean a real good one, baby, I'll hand your head to you!

As for the Valiants, I expect you'll double cross them also. If they're smart they'll heed my words and get out of any contract with you.

Heenan, I predict you'll be a very lonely man because no one, no one, baby, will ever work for you again. I'll spread the word. You'll have to bleed by yourself to make money now, because no one else will do your bleeding for you! □

RIVERA (Continued from Page 22)

Early in the match, John tries to rake Victor's face with the chain, but Victor's strength keeps him from the torture. "I am fed up with guys like Big Bad John and Tolos," he said.

John's hand and the air was able to fill Victor's aching lungs.

But Rivera couldn't relax. He had to get the chain from around his neck. Victor could feel the links rubbing against the bones in his fingers as he struggled to get the chain over his head.

Finally, after what seemed like an eternity to Rivera, the chain was over his neck. But Big Bad John was not to be denied.

Again the chain whizzed through the air. But this time, instead of encircling his head, the links smashed into Victor's face. Skin was torn away all over his face and blood spurted over the canvas.

Victor exploded! You could see the stiffening of his muscles as he tried to control himself. He became rigid for perhaps three seconds and then he went out of control.

John couldn't believe it even when it was over. Victor wrapped the chain around his fist and smashed John in the face. The blood that poured from the many wounds that blow inflicted made John's face identical to Victor's.

The stunned John couldn't react when Rivera returned the compliment and began to choke him. But Victor wasn't happy with that. He flew outside the ring so he could twist John's neck around the rope. When John was hauled over the cord by his neck, Victor jumped up and began stomping on Big Bad John's face. His foot plowed into John's face time and again. When he tired of the stomping, he went back to choking.

With an ugly, evil grin, Rivera cruelly twisted the chain around Big Bad John's neck. The man writhed in agony on the floor, gurgling helplessly. Even the fans screamed for Rivera to stop! But the grin on his face announced to everyone that Rivera was enjoying himself too much to stop!

Finally, the referee and two special policemen tore Rivera off of the semi-conscious Big Bad John. Once Rivera was dragged off his helpless opponent, the arena doctor ran in and ordered Big Bad John to be taken to the hospital.

Later, as Victor was being stitched up and otherwise attended to, he was obviously shaken by the experience. He had to face the fact he had enjoyed torturing Big Bad John. He had become, during those horrible minutes, everything his whole career had always been against. He was as bad as those he hated.

"Nobody can be blamed," Manny Soto said, hoping to console him. "for your losing your temper against Big Bad John. It was an insane test. It's only natural you'd respond in kind to his brutality. A real test wouldn't be as difficult."

"Of course it would," Victor shouted. "that's what makes it a test. Look, I'm a professional and one of the things I'm paid to do is keep myself in control. Tonight I wasn't a professional but an animal. If I can't do what I know is right, then I've got nothing to win and nothing to lose. I might as well quit."

Take a look at Big Bad John's face. This is what Victor says he'll do to all rule breakers.

"That would be the easy thing to do," Manny said softly. "A real professional must try to surmount all obstacles. If you *really* think this problem is bigger than you are, you *should* quit. Because you're no longer a professional wrestler."

Victor considered Manny's words carefully. While he thought, the silence in the room could be cut with a knife. Finally, his face, cold with determination, Victor spoke.

"Of course," he said. "Manny is right. It's like learning a new hold that's difficult — you've got to go over it again and again until you lick it."

Everyone in the room breathed a sigh of relief. At least Victor was willing to try.

Since that night Rivera has been a tense and worried man. His quick smile and sense of fun are gone, at least for the present. He's afraid of all emotion. Even over petty things which everyone gets angry about and then quickly forgets. Victor tries to control himself and then broods over how close he came to losing his temper. He's a man walking a tightrope in a profession where all his opponents are trying to push him off. He's even afraid to have fun because of the emotional release.

"Something is going to burst Victor wide open!" Manny says. "If he'd only have a good time and get all that pent-up emotion out of his system. But Victor is doing this the only way he knows how. You've got to respect him for that."

Whether he wins or loses, you have to respect Victor Rivera for trying. □

**SENSATIONAL — NEW
MODERN MIRACLE!!**

PERFORMED BY MEDICAL DOCTORS!!

Whether you are losing your hair, have thinning hair or are already bald, the **MIRACLE** of MODERN SCIENCE can now give you a **FULL, THICK, HEALTHY LOOKING HEAD OF HAIR**, thru the fantastic method of transplant, which gives you **NEW HAIR ROOTS & NEW HAIR** to last you all your life.

WHY IS THIS SO WONDERFUL???

New hair roots come from and are dependant on the amount of skin containing **HAIR FOLLICLES** available on the neck of your own body and **BEST NEWS OF ALL**..... THE NEW HAIR grows at the same rate of growth as the area from which it is taken.

ONLY RECOGNIZED MEDICAL METHOD

No matter what you've tried before, this new transplant system is the only one recognized by modern medicine and performed only by **MEDICAL DOCTORS**. Stop wasting time and money on "quack" methods that don't work.

As the old dead hairs fall out, **NEW HAIRS** are transplanted at the same rate as which your head is losing its hair to keep the hair loss unnoticed by anyone else until all dead hairs are gone and in their place are growing thick new healthy hairs.

MODERN SCIENCE GROWS HAIR EVEN ON BALD HEADS!

1. Hair follicle
2. Hair root
3. Sebaceous gland
4. Blood Supply

For Men & Women!

IF YOU ARE BALD!

In place of that shiny dome on top of your head resulting from common baldness, in a period of from 30 to 90 days after treatment, **NEW HAIRS START TO GROW, THICK, VIBRANT AND HEALTHY**. A full head of hair gives you a new confidence and outlook on life. It makes you look years younger. A **NEW HEAD OF HAIR WILL OPEN UP NEW DOORS OF HAPPINESS AND SUCCESS IN ROMANCE AND BUSINESS**.

Now you can send for a complete descriptive outline of this method. How it is performed and steps you can take towards achievement of this treatment by a medical doctor for a more luxurious thicker healthy head of hair.

Your cost just \$ 6.00

Also included **FREE**: "CARE OF THE HAIR AND SCALP". This manual contains facts you should know about baldness, grey hairs, thinning hairs, preventive measures, new hair growth, etc. If you are **BALD** or are **LOSING YOUR HAIR**, You can't afford to let another day go by. **FOR THE MOST IMPORTANT STEP OF YOUR LIFE.**

Lil prepares to body slam Dagmar (left) in a Montreal battle. In California, they force the referee into action (above). Lil stomps Dagmar (below) hoping to end the blonde's career.

fuses to allow the sport she loves be headed by an athlete like Diamond Lil.

"When I wrestle," Dagmar declares, "all the pain and cruelty I have suffered in my life because of my size vanishes. What I do in my profession I do as well as anyone can. But when someone like Diamond Lil claims the championship, it hurts us all. It takes the dignity away from our accomplishments. That's why I can't sit back and let Diamond Lil shoot off her big mouth. My integrity depends on shutting her up!"

When the two women are matched, they wrestle like both their lives depend on it! They're like two enraged wildcats tearing at each other's throat. There is nothing Diamond Lil won't do to Dagmar.

"She's become a real pain," Lil says. "I can't turn around without that glory seeker trying to make me look bad. I may have to end her career just to get her out of my hair!"

But that is easier said than done. Darling Dagmar is doing her best to make Lil's claim to the title seem empty. She is more than willing to put her career on the line if it means helping the sport that has so helped her.

It has gotten to the point in their tempestuous feud where it's hard

even to get referees for the matches. The two women get so violent any referee who tries to do his job runs the risk of finding himself in the middle of their brutal brawl.

So far neither woman has proven her point. Some nights Lil holds the advantage, other nights Dagmar sends her furiously to defeat. Neither girl sees an end to the feud.

"Neither one of us can stop pursuing the other and hold her head high again," Dagmar says with quiet determination. "Lil has to keep accepting my challenges or admit she's not the true champion. If I stop, it's as good as saying Lil

Both girls wrestle feverishly (above and below) during two separate battles. "Dagmar is not going to win my title," Lil stresses. "No one will."

is the champion."

But what about the continual physical beating Dagmar must suffer as the brunt of Lil's dirty tactics?

"I know what to expect," Dagmar says, "and I prepare myself mentally. If you take the pain as a matter of course, it's not so bad. As long as I believe there is nothing Lil can do to make me give up, I'm alright. If I quit because of the pain, everything I believe in becomes false. I'd rather be dead than give up. If I do give up, I might as well be dead." □

WRESTLING CAPITALS (Continued from Page 12)

Pampero Firpo (above) was the victim of a sneak attack by Ben Justice. Buddy Colt (left) was disqualified for using brass knuckles on Ron Fuller.

OHIO REPORT BY Don Garner Jr.

Ben Justice went berserk before, during, and after his match with Pampero Firpo.

Before the bell sounded, Justice attacked Pampero from behind. Firpo hadn't even climbed through the ropes yet when Justice slammed him to the concrete and began hitting him with a chair. And he had only just begun.

The referee disqualified Justice and Ben battered the official unconscious for doing his job. And when the ring announcer tried to tell the fans of the referee's decision, Justice slammed his fist into the announcer's head and knocked the man unconscious. Finally, the special police entered and dragged Justice from the arena.

It was a bad night for referees. During the Bobo Brazil-Killer Brooks brawl, Bobo was in control until the referee was accidentally knocked out. Brazil went to aid the referee, giving Brooks a chance to get the foreign object from his trunks. Then he flew at Bobo's back.

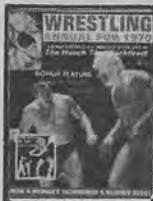

But Colt isn't one of the most vicious wrestlers in the world by default. In moments, he was kicking and gouging. Ron was almost helpless beneath the onslaught.

Ron managed to regain his senses and the match proceeded furiously. Ron had the advantage again when Colt caught him and the referee with a hard punch! While the two were down, the standing Colt took out brass knuckles from his trunks. When Ron got to his feet, Colt levelled him with a vicious punch to the temple.

Colt flopped on Ron for the pin. The referee was about to award the match to Buddy when Ron punched Buddy in the stomach, making the brass knuckles he had hidden under his arm fall to the mat. Seeing the knucks, the referee then awarded the match to Fuller.

It looked like Bobo would be beaten senseless until Wild Bull Curry flew to his aid. Unfortunately, the referee revived when Curry was going after Brooks. He was then forced to disqualify Bobo for outside interference!

KANGAROOS

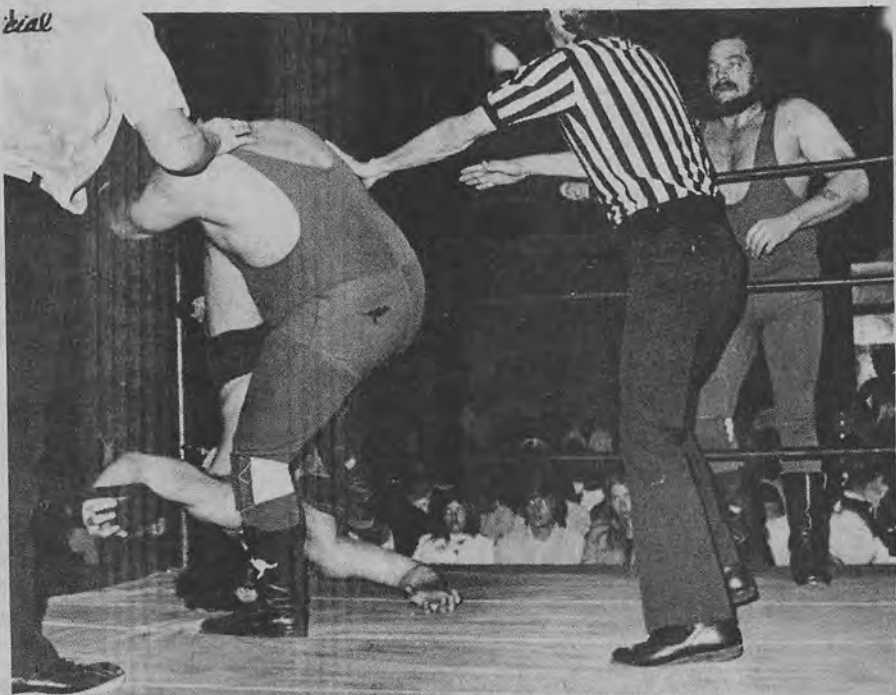

by Bill

(Continued from Page 25)

much more than it hurts you. The Royal Kangaroos are practicing more than enough. It's gotten to the point where their opponents can be knocked unconscious and the Royal Kangaroos won't even feel anything. They have raised the headbutt and other skullsmashes to the level of art—an ugly, vicious art.

Two days after taking his beating, El Mongol still had lumps on his head and scratches on his face. Doctors found the wrestler suffered a slight concussion during the bout and they were worried about complications that might result. Nevertheless, El Mongol had some things on his mind he wanted publicized.

"They're not even athletes," Mongol hissed angrily. "They're animals with no dignity. They're headhunters, plain and simple, and revolting. I always had hoped there was a sense of responsibility between wrestlers. These men have no sense at all."

Mongol's tied up in the corner and he's being kicked in the head. "They wouldn't let up," he said after the match. "I thought my head would bust wide open. Man, was it painful!"

El Mongol went on to say how headhunters can destroy a man's life. As far as most professional

wrestlers are concerned, headhunters are the lowest and most vicious of all wrestlers. El Mongol said the Royal Kangaroos should be stopped, either by promoters or officials.

"And if it can't be done legally," Mongol said with an icy determination, "it should be done any other way possible. Headhunters are as good as murderers and should be treated as such."

Despite the growing anger at the Royal Kangaroos' trail of smashed skulls, Jonathan Boyd and Norman Fredrick Charles III continue to crack the heads of all those unfortunate enough to wrestle them.

Those who grapple against them now are solely interested in ending the Royal Kangaroo reign of terror. El Mongol has wrestled them again and did what he could to maim the pair. But he also suffered through a series of headbutts and punches. He won't be able to do that much longer.

Until they are stopped or have a change of direction, the Royal Kangaroos will continue to inflict permanent brain damage on opponents. The results of their tactics will not be seen for years, until their opponents' speech slurs and their sense of balance deteriorates. Then it will be too late to place the blame on those who deserve it. □

"We have no qualms about busting skulls," Royal Kangaroo Norman Fredrick Charles says. And they prove it by giving El Mongol more punishment. "We love seeing blood pour from heads."

WHERE TO PICK UP GIRLS!

BRUNO *(Continued from Page 27)*

Bruno has Nikoli screaming in pain (above) as he punishes him with a devastating toehold. Volkoff is on the receiving end again (below) as Bruno applies pressure on a hammerlock.

have gotten his wish, had he played his cards right.

But he blew it. Nikoli was stopped. Stopped by Bruno Sammartino, a clever and talented champion.

Nikoli had two shots at Sammartino. For the first Blassie made sure the Siberian ate, slept and drank training. Hours and hours each day Fred worked diligently to get Nikoli in the best possible shape. He even taught Volkoff how to bite. Yes, bite. The trademark of Blassie was now being handed down to his protégé.

Weeks later, as match time drew near, Nikoli was in superb condition. But what Blassie failed to realize was that Bruno was also in superb condition. So when they squared off it was obvious these two well-built, powerful athletes, could wrestle for hours. But, unfortunately, the 11: p.m. curfew set down for wrestling halted the battle, leaving Fred right back where he started.

Bruno, who respects the strength of Volkoff, agreed to wrestle him in a no time limit, no holds barred brawl. Bruno was looking forward to matching his strength against Volkoff's. Bruno loves those kind of battles.

Again Blassie put Volkoff through his paces in training. Nikoli wrestled as often as he could within the few weeks preceding the match. And he looked good. But something was happening. Something new. A new viciousness was setting in on him. His eyes appeared full of fire. His attitude became that of a berserk maniac. If this was the Nikoli Volkoff who was to again wrestle Bruno, Bruno had better be careful. This was not the same man!

Fans all around the east began talking about Volkoff's bitter attitude. They feared for Bruno, the champion they love so much. Nikoli was leaving bloody bodies in the ring at every arena. They were genuinely afraid that if he could get the jump on Bruno their champion might wind up the same way.

Blassie seemed even more proud

of his man. Volkoff was becoming as vicious as his manager. And Fred was pulling no punches. He taught Nikoli every dirty trick the Siberian giant needed to know how to wipe out any opponent.

Those who know Bruno well know he's not a scared man. He doesn't back off from his opponents. But going in for punishment at the hands of Volkoff could be a mistake. It was hoped Bruno might be able to stay away from him for awhile. But Bruno likes to go into the ring and finish his business as soon as he can.

Speculation on the night of the match was split. Many favored Bruno while an equal number of people seemed to sway in favor of Volkoff. They knew Blassie had a well-trained wrestling machine in his power. A robot that would obey his every order.

Blassie gave Volkoff last minute instructions before he went out to do battle against Bruno. Bruno was aware this match would not be the same. He knew all about Volkoff's new, hungry attitude. He was going to be careful, extra careful.

There are several things you never do in wrestling. You never hit a referee, you never slug a fan. And another rule is don't disturb Bruno's ceremony. Yes, ceremony. Before the bell sounds he kneels in the corner on one knee and recites a small prayer.

Volkoff made the mistake of becoming the first man, as far as is known, to attack Bruno during this ritual. And because of this, Bruno, who took a beating after he was caught off guard, set Volkoff up as an example to other wrestlers never to do it again. For he whipped Volkoff convincingly. Sure, the two traded many scientific holds. But in the long run Bruno came out on top.

Blassie should have known better. He should have told Nikoli not to sneak attack Bruno at that moment. He left that out of the training sessions. All the other training went right out the window. If only Fred had said something to Volkoff about it there was a chance Nikoli and Fred could have made wrestling history. Blassie could have been the first active wrestler to manage a world champion.

But Fred won't quit in his efforts. You can be assured of that. He's back at the old drawing board. □

The Original London Dolls!

More than 100,000 fully-satisfied users!

I was bored and lonely until I met JUDY and SUSAN. My friends were out of town. I had nothing to do. I was bored and lonely. Then I saw a LOVE DOLL ad in a magazine. I mailed in the coupon, not really expecting much. But when the package arrived—WOW! That's the night I met JUDY. We danced ... I practiced all sorts of new steps ... she followed me all the way. My new LOVE DOLL seemed so life-like I really felt I had a new friend. Then I decided to send for SUSAN, too. Wouldn't two be twice as nice as one? Soon SUSAN arrived and the three of us began to play. I danced with one, then the other, then both together! It was wonderful snuggling up to JUDY, but now it was twice as nice with two LOVE DOLLS to share my nights. Judy was made just for love. She's the original, talked-about LOVE DOLL from London. Her soft, "fleshy" vinyl skin seems almost real ... both girls seem almost to breathe as they faithfully await your commands. At cocktail parties, they're conversation pieces ... at home either one (or both) is fun, companionship and wild excitement. (You can even swim or shower with the bouyant beauties!) All 5'4" of each girl features the most life-like details available in an inflatable figure. You'll find the flexible, durable dolls entertaining, versatile, surprising and accommodating. Ride around town with Judy by your side and impress your friends. You need never be alone with Judy or Susan snuggled up next to you! Order your LOVE DOLL today. Judy or Susan come complete with Love-like adornments: a Peek-a-Boo Negligee, darling Bikini etc. are all included, if you order the SUPER LOVE PAK. HARLEY RACE (Continued from Page 39)

It's Jack who's doing the flying (above) as he prepares to come down on Race's arm. Jack sends Harley reeling (right) with an arm drag. Throughout the match Jack didn't even attempt to lock Race in the figure-four leglock.

resistance that way. So the idea will be to start throwing Race around, rather than try to work close on the mat. He won't know what hit him. And by the time he figures out what happened, he'll be treating his wounds in the dressing room."

They argued about the plan far into the night. Jack was hesitant about forsaking the figure-four leglock for flips and throws. However, if Race was put off balance mentally, it would be easier to put him off balance physically. So the discussion continued.

Eventually a compromise was worked out. Jack decided to try it according to Jerry's plan and then if it failed, he would try for the figure-four leglock. If he could,

To make that kind of plan work Brisco had to get into the best shape of his life. He lived like a monk, thinking only about wrestling Race.

"I lived with Race always in front of me," Jack said after the match. "All I could think of were the films of Race and what happened in previous matches. I looked for little signs that would telegraph what he was about to do. I don't think I stopped thinking about him for more than five minutes."

At least two hours a day Jack practiced throws and flips. The joke around the gym was that anyone who passed by Brisco was sure to land on his back.

As for Race, he physically worked out the way he usually does. Men-

tally, however, he was doing everything he could think of to be in the nastiest, cruelest mood he could work himself into. By the week of the bout nobody could stand being near Race.

And that suited Harley fine. He just wanted to sit and picture Jack Brisco's head split open and Jack having to be carried out on a stretcher. After all, Race reasoned, all he'd have to do was avoid that figure-four leglock.

And that's what Race was looking for the night of the match. Jerry Brisco was proven right—while Harley Race wished Jerry had minded his own business.

The two determined men left their corners and before Race knew what had happened he was sailing in the air. No sooner did Race recover than he was sailing in the air again. And after each flip Race would go crashing to the canvas.

Harley wasn't quite sure what was happening but he knew that he didn't like it. Unfortunately, it takes even a veteran wrestler a couple of seconds to completely change the style of the match. Jack Brisco wasn't about to give him those precious seconds.

Harley couldn't remain down because that would open an invitation for Jack to use his figure-four leglock. So he had to stay on his feet. But Brisco would then flip him down again. Harley was thrown more ways than he knew a man *could* be thrown. And it wasn't a lesson he was cherishing learning.

However, there was nothing he could do about it. Jack did what he set out to do. Finally, when the battered Race took awhile to get up, Jack trapped him in a headlock rather than the figure-four. It was adding insult to a lot of injury.

After the match the Brisco dressing room was the scene of wild celebration. Jack had succeeded beyond his wildest dreams. Race never had a chance against the "new" Jack Brisco.

"I know it's a once-in-a-lifetime thing," Jack said, "and I know Race will never be so unprepared again. I don't think I've ever worked harder in a match. Not giving Race a second's rest meant that I didn't rest either."

"But I can tell you now," Jack said happily, "that it was all worth it! Twice as much work would be worth how good I'm feeling now." □

develop pulverizing hand power!

with the all-new KARATOK Gripper.
Takes just 5 minutes a day.

Just \$9.95 p.p. Results guaranteed

Maybe you don't want to break a brick in two with your bare hands or rip a phone book in half—but wouldn't it be great if you could?

Now you can turn your hands, wrists and arms into granite-hard arsenals of power, capable of performing devastating feats! The secret is in the KARATOK Grip Developer. Based on centuries-old Japanese Karate-training techniques, KARATOK was first invented to help students of Karate develop maximum crushing strength in their hands.

Almost overnight, KARATOK begins charging your hands with the strength of a tiger's claws, starts building power-packed athlete's hands—sinewy and muscular: the vise-like grip of a Davis-Cup tennis star, the iron piston power of a heavyweight boxer, a wrestler's mighty fingers, and the bone-crushing chop of a samurai's sword. With continual use, you can build muscles that can actually smash through bricks...cut through wooden planks with a lightning stroke...rip tennis balls asunder. And you develop that devastating "bodyguard fist" that COULD SAVE YOUR LIFE SOMEDAY.

Yes, new KARATOK helps you build a GRIP OF IRON—a tremendous PLUS for boxing, wrestling, golfing, tennis, baseball, football...general physical development—and self-defense.

KARATOK is easy to use. Simply slip your fingers into the grippers, and slowly squeeze them together against the resistance of the tough, shiny steel springs. With your very first squeeze, you'll FEEL KARATOK challenge your strength with the

force of a mighty beast. You'll FEEL new electric-like power surge into every tendon, every ligament, every fiber of your hands, fingers, and fist. And you'll FEEL wrists and forearms burgeon with new he-man sinews and block-busting muscles. Just 5 minutes a day is all it takes.

See for yourself. Try KARATOK in your own home. We guarantee results you can see and FEEL in 10 days. Otherwise, your trial doesn't cost a penny.

Leading Automotive Expert Reveals:

How to SQUEEZE up to 32 Miles From Each Gallon of Gas!—

by making these few simple changes in your car!

Yes, Proven by Detroit Engineers . . . Proven by Indianapolis Test-Drivers . . . Proven by U.S. Gov't Scientists:

without investing a single penny in fad gimmicks, or gadgets . . . in less than 5 minutes time, you can squeeze up to 6-10-EVEN 12 MORE MILES of driving from each gallon of gas—no matter whether you're driving a Volkswagen or a Cadillac*! Think of it! Up to 22-26-EVEN 30 MILES OR MORE PER GALLON . . . even on cars over 100,000 miles old.*

by Ed Almquist, Member, Society Automotive Engineers

If you've just about had it with outrageous gasoline prices—then let me open your eyes to some vital facts discovered by automotive engineers that can give you up to 60% MORE GAS MILEAGE THAN YOU ARE GETTING TODAY!* Yes, anywhere from 6 to 12 MORE MILES PER GALLON . . . just by making a few simple changes in the engine of your car. Changes so ridiculously easy, you can often make them in just 5 minutes flat, even if you never looked under the hood of a car in your entire life.

Here's What Engineers Discovered About Your Car

After years of testing, automotive experts generally agree that out of every 10 gallons of gas fed into the average engine IT ACTUALLY WASTES ALMOST 7; that not one drop of these wasted gallons goes to move your wheels an inch. That this waste gasoline is burned up to overcome unnecessary friction . . . that is never even fully exploded or burned inside the cylinders, but instead, goes "streaming" out of the exhaust pipe—TOTALLY WASTED! And that's only the beginning.

Cut Gasoline Costs to As Little As 2¢ A Mile!

These men also discovered that the kind of spark plugs you use and the way they're set to fire can make an incredible difference of up to 37% in this gasoline waste! That by simply changing to a different type of oil costing no more than your present oil . . . you reduce engine friction to such an extent you automatically increase gasoline mileage by an additional 2 to 5 miles per gallon. That by simply making a single adjustment to one tiny screw on your carburetor, that takes but a few minutes, they could add still another 2 to 4 miles per gallon. And that by moving the timing mechanism ahead (once you're shown how, it's so easy a child can do it) . . . they were able to boost mileage output by another 2 to 7 miles per gallon. Yes, simple changes . . . easy-as-pie adjustments that add up to 8, 10, even 12 MORE MILES PER GALLON from the very car you're driving today.

Does all this sound almost too good to be true? Then read the amazing "Prove-It-Yourself" section below . . . and see with your own eyes how these dream-mileage figures can be yours in just minutes following these experts' advice.

Save Up to 50% On Your Car—This Year Alone!

And this is just the beginning. What you see below are only 2 of 250 improvements developed by these high-mileage experts . . . by Indianapolis test-drivers . . . by engineers in Detroit laboratories.

Now suppose you could have these same men who developed these secrets at your elbow 24 hours a day. Suppose that these experts showed you a simple 2-minute adjustment to your spark plugs that added as much as 2 to 3 miles per gallon . . . plus an easy trick with your tires that added as much as 4 more miles per gallon . . . plus a way that you could make one single adjustment in your engine and get up to 40 FREE GALLONS OF DRIVING in just the next 90 days alone.

Yes, and suppose these experts gave you the secret of adding as much as 10,000 to 20,000 miles to the life of your tires . . . plus how with just a few turns of a screwdriver in just a couple of minutes you can easily double the number of miles you can drive without changing your oil.

Imagine Doubling Your Gas Mileage In Less Than 5 Minutes Time

This is exactly what a brand-new book, "How to Squeeze up to 32 Miles a Gallon-And More" does for you. This book is guaranteed to save you up to 50% of your present oil bills . . . up to 90% of your present repair bills . . . up to 60% of your present fuel bills . . . PLUS add up to 3 to 5 years to the life of your car, or you pay nothing!

"Mechanix Illustrated,"
"Car Life"
and "Motor Guide."

**ALREADY
PROVEN ON
HUNDREDS
OF THOUSANDS
OF CARS!**

Yes, right now on the road there are literally thousands and thousands of cars delivering the incredible mileage figures you see described on this page. These cars are not special models—they carry no special equipment. They are stock model cars, driven by everyday drivers like yourself. Drivers who never dreamed it was possible to squeeze so many extra miles out of each gallon of gas—until they were shown how by this man:

Mr. Ed Almquist, Member, Society of Automotive Engineers, holder of 8 U.S. Gov't. patents, author and consultant—who now takes the wraps off the little-known secrets of the trade that can easily boost gasoline mileage up to 12 MILES PER GALLON—save you hundreds of dollars a year on your car—all with just a few simple changes in your engine.

Twice The Mileage—Half The Gas!*

Here are dozens of gas-saving and car-saving tricks that can save you \$200 to \$300 in gas bills—this year alone! How to adjust your exhaust system and get up to 15% more power and mileage . . . how to convert an engine for cold-weather driving in just 60 seconds and save 2 winter-wasted miles per gallon . . . how to do the same for summer and beat mileage-sapping heat . . . to get lightning acceleration and still get high gas mileage . . . how to go up hills without wasting gas . . . how to insert a special piece of metal that costs but 10¢ in your oil crankcase and get still more miles per gallon . . . even a complete section on adjusting your car to get premium performance from regular gas!

Here's how to get up to 20% to 30% more power without spending a penny . . . even how to get new car performance for as much as 100,000 miles or more, often WITHOUT EVER CHANGING A SINGLE EXPENSIVE PART . . . OR EVER MAKING A MAJOR REPAIR!

Best of all, each of these little-known secrets, tips and adjustments are so easy to do . . . that even if you have never looked at a car engine before in your life . . . you can make every one of these money-saving, gas-saving adjustments using nothing more than a screwdriver or a pair of pliers.

Prove It Yourself—Entirely At Our Risk

If you'd like to get gasoline mileage like you never thought possible . . . up to 8, even 12 more miles per gallon . . . then send today for your trial copy of "HOW TO SQUEEZE UP TO 32 MILES A GALLON . . . AND MORE". The price—only \$3.95. Why, you'll save more than that in just one week on gasoline alone.

Examine this book for 30 days. If you do not agree that this amazing one-volume library works wonders on your car . . . and miracles in your pocketbook . . . that never in your life have you achieved such incredible gasoline economy . . . simply return for a full refund. So act TODAY!

PROVE IT YOURSELF—The following "inside-secrets" of my new book can easily mean savings of about 3 to 4 more miles per gallon—PLUS convert your present car battery into one that can last the life of your car. All in all these professional shortcuts to SUPER MILEAGE, SUPER ECONOMY DRIVING may mean savings of anywhere from \$35 to \$50 in the next 90 days alone.

Here's All You Do:

1. **How To Beat The Number One Gas Thief** . . . in just 60 seconds . . . by turning a screw! Your carburetor mixes gas with air and then feeds it to your engine. Most cars have the mixture set too rich. Here's how to correct this and save up to 15% on gas waste in practically all cars. Let your engine idle until it's warm. Now, locate the idling-screw on your carburetor. (See picture below arrow A.) Turn screw to right until engine sputters or roughens. Then, turn screw one half turn to left. THAT'S ALL THERE IS TO IT!

Now start your engine again. Notice that it turns over more quietly . . . that you seem to have

more silent, almost effortless power. Clock your gas mileage against your former figure. The difference will absolutely amaze you.

2. **Make Your Battery Last the Life of Your Car** . . . for Mere Pennies. Ever see that white corrosive material on the terminals of your car battery? It's called sulphation . . . and it's the main reason your battery eventually goes dead. But if you tape a penny to each terminal you automatically prevent sulphation from forming on your battery. Instead it forms on the pennies. The results—for a cost of two cents and an investment of 30 seconds, you have converted your present car battery into one that will start INSTANTLY in summer heat or winter cold, usually for as long as you own your car.

I'll guide you step by step into your own thriving business

● While keeping your present job, would you like to gross \$14 or \$21 profit per hour?

a true story by Bob Ferrel

SOME YEARS AGO I was a printer in a small Michigan town. I drew a pretty fair pay check but it wouldn't stretch far enough to provide the kind of living I wanted for my wife and five children.

Then one day I was reading a magazine just as you now are and I saw an ad. It intrigued me. It offered me the steadily growing income I had always hoped for. It said I would have greater security and personal independence... and that's what I had been wanting.

I was a little skeptical, but I said to myself, "for a postage stamp I can find out." So I mailed the coupon. In a few days, I got a letter with a booklet that gave the whole story. It opened my eyes. I could see why owning my own business was so much easier than I had always thought... why the day to day guidance of a successful worldwide organization could assure my own success.

I read the booklet several times. It just seemed too good to be true. I talked it over with my wife. We decided that now was the time to make the forward step... there was no reason to keep postponing an income increase.

So, I applied for a Duraclean dealership and I was accepted. I stayed with my job... ran a few ads... sent some mailings... contacted a few stores and told my friends about the superior services I was now equipped to give them. Evenings and Saturdays, I rendered the service. As the business grew, I added servicemen.

I found that I didn't have to develop a single idea myself. Every step had been prepared for me and pre-tested. Hundreds of other men had already proven my methods successful.

It didn't take long to see that I was making three to four times (yes, 3 to 4 times) as much per hour in my own business as in my printing job. So, after only seven months with a good following of customers, I quit my job to go full time on my own. In the meantime, I had enjoyed all this extra income on top of my salary.

Each day, we realized what a serious mistake not mailing that coupon would have been... and how that little act that seemed so trivial at the time actually changed our lives.

The steadily growing income brought us

many things we could not afford before. My efforts were so much more productive. I scheduled my time to my own liking. When we wanted a day or two off, we took it. I worked hard but, if I wanted to be home early or quit at noon, I did.

This is not a business for a lazy man. But if a man is ambitious and will work to deserve those nice things in life we all want, this business is made to order for such a man.

I became so enthusiastic about this business and so appreciative of what it had brought my family that, whenever a man opened a dealership near me, I helped him get a quick start.

The company learned about this and had each new dealer in my section of Michigan spend a day with me. One day the president of Duraclean Company asked me how I would like to move to Headquarters and spend my entire time helping dealers to increase their sales and profits.

That was good news to my ears. Since then I have worked with hundreds of our dealers in their own towns and at regional meetings, conventions and dealer group meetings. But much of the time I am right here at my desk in touch with our dealers by letter and telephone.

Incidentally I sold my dealership at a good profit. Dealers sell their Duraclean businesses for up to ten times their cost. After 30 months, Leo Lubel sold for \$7,116 above his cost. If for any reason a dealer wants to sell, we maintain a service to locate buyers and help him sell.

Our job here at headquarters is to show each individual Duraclean dealer how to use his own abilities to bring him greatest success. I know hundreds of our dealers on a first name basis. We work together as one happy family. If you become a Duraclean dealer, I'll be as close to you as your telephone or mail box.

It's Easier than You Think To Build Your Own Business

If you've wanted to BE YOUR OWN BOSS... to become financially independent and have a fast growing income, now YOU CAN. And you own a Nationally Advertised business.

You can stay at your present job while your customer list grows... then switch to full time, lining up jobs for your servicemen to do. One job a day brings a good starting income.

If you hire two servicemen (full or part time) while you keep your job, the national price guide provides you a gross profit of \$14 an hour on their work and this is much easier to do than you think. We show you how... step by step. That's \$490 for a 35 hour week.

Your gross profit on three servicemen is \$21 per hour. Duraclean dealers find it easy to gross \$7 per hour on EACH serviceman plus \$12 an hour on any service they themselves render. The 24 page illustrated booklet we'll mail you (with no obligation) explains how most of your gross profit becomes clear net profit. Your income is limited only by the number of servicemen you employ.

You can operate from a shop, office, or your home. Equipment is light and portable.

At the start, you may want to render service yourself... or you can start with full or part time servicemen. This business is easy to learn... easy to start... so easy to service that women dealers do it. We prefer you have no experience... not have to "unlearn" old ways.

We are NOW enlarging this worldwide system of individually-owned service businesses. If you are reliable, honest and willing to work to become financially independent, we invite you to mail the coupon.

When you receive our illustrated booklet, you will see the way we show you step by step how to quickly get customers... and still more customers from their recommendations.

You have 7 superior services that are rendered "on location" in homes, offices, hotels, theaters, clubs, motels and institutions.

These are not ordinary services. You have

the prestige and endorsement of leading furniture makers and carpet mills, of Parents' Magazine and McCall's, of Research and Testing Laboratories.

National magazine advertising explains superior merits of your services, builds your customer confidence and brings job leads to you.

We and a Duraclean dealer will train you and assist you. He'll reveal his successful, proven methods. You have pre-tested newspaper and yellow-page ads, commercials, and a full mailing program.

Stores, upholsterers, insurance adjustors, and decorators refer jobs to our dealers. These year 'round services are in constant demand.

Start Small, Grow Big in this Booming Business

Many men have said to us, "I can't afford to give up my job till I know I have a sure thing... a sound business that will provide both security and a better living for my family."

That made sense to us so we worked out such a plan... and those same men are now enjoying a Duraclean dealership in many communities. You don't experiment. You use tested, proven methods. You have our backing and "know how."

Does this appeal to you? Don't decide now. Mail the coupon so you'll have the facts to decide wisely. There is no obligation. You'll then know whether this is what you want.

You can start small and grow big. A third century ago Duraclean was an idea... but it caught fire and spread to a world wide service. Why did it spread? (1) superior processes. (2) proven customer-getting methods (3) Day to day guidance from Headquarters.

Our first service, the care of upholstery and carpets not only cleans, it enlivens the fibers... revives dull colors. Pile rises with new life. There's no harsh machine scrubbing. No soaking. Mild aerated foam lightly applied lifts out dirt, grease, many unsightly spots like magic. Furnishings are used again in a few hours.

Government figures show service businesses are growing faster than industries and stores... \$750 million yearly potential just in rug and furniture cleaning. Your 6 other services are explained in the free booklet we'll mail you.

Less than \$1500 establishes YOUR OWN business. A day's profit more than pays the monthly payments we finance for you.

Men frequently take in partners.

We furnish electric equipment and, with first shipment, enough materials to return your TOTAL investment. If you have good habits and know the importance of customer satisfaction, you can likely qualify for a Duraclean dealership.

TODAY is the time to reserve a Duraclean dealership, before someone takes your location.

It's been said, "Opportunity knocks but once at every man's door." This could be that one rare opportunity in your life.

It is surprisingly easy to learn this business. You can decide from the information we will send you whether to apply for a dealership. So, with no obligation whatever, mail the coupon TODAY. Cut it out NOW so you won't forget to mail it.

Manny Fernandez, Star Lineman of the World Champion Miami Dolphins says— "Charles Atlas' Dynamic-Tension system delivers extra strength and endurance..."

"In the Defensive Line, every play is a Key play. You're always pressing, blitzing the quarterback, trying to Bust Up the Runners before they get momentum—and that takes something extra. Charles Atlas' Dynamic-Tension System means extra strength and endurance all season long."

"I would recommend Charles Atlas' Dynamic-Tension course to any young fellow who wants to develop his body to the fullest. I consider it a must for anyone who wants to make it big in any sport." ... MANNY FERNANDEZ

You don't have to be a top athlete, or any kind of athlete at all to have a super-star's body. If you're not proud of your physique—if the only attention you get from girls is ridicule and abuse—if you don't excel in sports—if nothing you ever tried before has worked things can start changing for you, right here and now! Just mail the coupon—you'll see how quickly you can have a great body in just 15 minutes a day!

The discovery that changed Charles Atlas' life can now change yours, too.

"One day, I had a brainstorm that soon transformed me from a scarecrow into 'The World's Most Perfectly Developed Man.' I call it 'DYNAMIC-TENSION'—a natural method with no gadgets, gimmicks or contraptions of any kind. Your own body motions actually wake up the 'sleeping' muscles already present in your body—building up steadily, every day, even when you're walking, bending, reaching, or even just sitting! Before you know it, you're covered with solid, rippling muscles, hard as a rock!"
